**T**HEREFORE, when we build let us think that we build forever. Let it not be for present delight nor for present use alone. Let it be such work as our descendants will thank us for and let us think as we lay stone on stone that a time is to come when those stones will be sacred because our hands have touched them and that men will say as they look upon the labor and the wrought substance of them, "See! this our fathers did for us."—*John Ruskin.*

**SULMET\***SULFAMETHAZINE *Lederle***The drug of choice • Low in cost • High in results!**

When your livestock comes down with any of these diseases—take no chances! Use only the finest treatment—and use it *promptly!* There's one drug that's known everywhere for its *quality* and for the reputation of the maker. That's SULMET, made by Lederle!

SULMET does a better job and actually costs you less per animal treated. Here's why: SULMET is powerful in action against *all* of the organisms that commonly cause these diseases. Given as recommended, SULMET secures high blood concentrations...strikes *in force* against infection... stays in an animal's body a long time...*keeps working!* Few drugs can build such power without being harmful. SULMET *can!* With SULMET, you give *lower* dosages at *less* frequent intervals! Often a *single* treatment does the job! *Your cost is less per animal treated!*

Consult your veterinarian for the most effective management practices and disease control procedures. Free literature gladly sent upon request.

# **WITH SHORTHORNS** (Polled or Horned) **BEEF IS THE ULTIMATE AIM!**

**1952 GRAND CHAMPION**

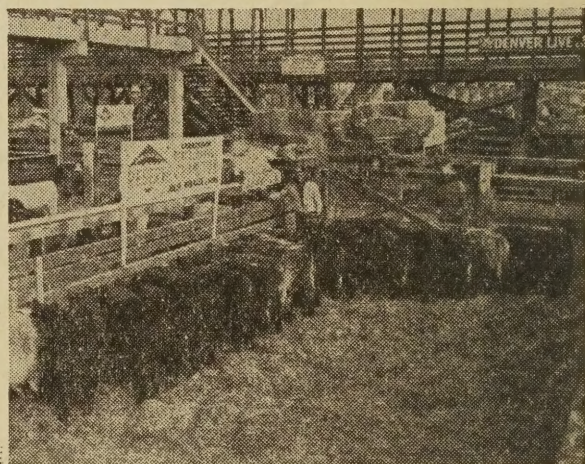

FOUR out of past SIX Grand Champion Carloads of feeders were SHORTHORNS, plus ONE Reserve Champion at the National Western Stock Show, Denver, world's greatest feeder cattle competition!

**1952 GRAND CHAMPIONS**

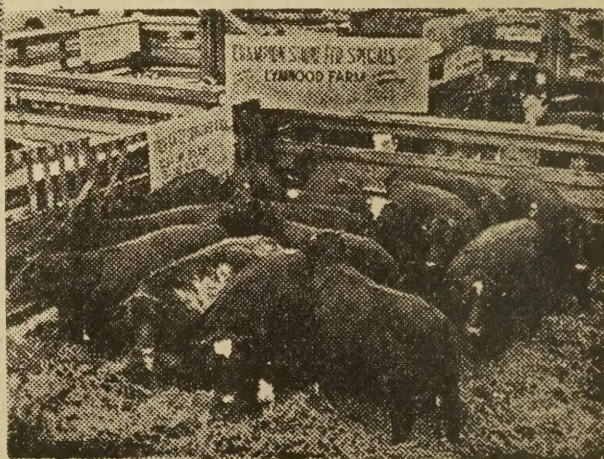

SHORTHORNS were Grand Champions of the 1952 International SHORT FED SPECIALS. They put on 12.5 lbs. gain for each bushel of corn consumed and dressed 63.2 percent, with four carcasses grading prime and 11 choice—proving SHORTHORNS are tops in both feedlot and packing house.

SHORTHORNS won FOUR out of the last NINE International Grand Championships, plus TWO Reserve Champions. Pictured is one of the greatest International Grand Champions of all time!

**1954 RESERVE CHAMPIONS**

EIGHT out of all TEN Chicago Feeder Shows, world's largest feeder competition, saw SHORTHORNS as champion yearling steers over all breeds.

*Everybody wins  
at the  
"International"*

Everybody? Yes!

All of the 4-H Clubbers and Future Farmers win because the "International" is both a challenge and a spur to constantly greater achievements.

All of the nation's livestock producers win because progressively higher standards are set here for development of more efficient meat animals.

All of the spectators win, too, for they represent the millions of consumers who will benefit from the better nutrition standards that derive from the world's most advanced animal agriculture.

This is where Armour and Company comes in, offering a ready 12-months-per-year market . . . providing the newest processing facilities . . . developing new meat products, better merchandising and distribution for America's steadily increasing volume of fine livestock.

A better America is the real objective beyond the white blaze of lights . . . the flash of bunting and the stately tanbark parades. Everybody wins at the "International."

**N**ame most any farm chore that you think is taking too much time and work, and we can show you at least one way of doing it electrically—the faster, better, and easier way.

Because not all the new and practical applications of electricity to farm chores are known or understood by farmers, we have placed at your disposal a staff of trained Agricultural Engineers who are ready, willing, and able to help you solve your problems. Their practical know-how, obtained by helping farmers like yourself, is as close as your telephone.

**Whatever your problem**—feed handling, crop drying, ventilation, electric heat, light, or power—your local Ag Engineer will take an active interest in it without cost or obligation to you. Feel free to request his advisory services—any time.

## GENERAL INFORMATION

**Reception of Animals:** The building will be in readiness for the reception of animals any time during the week preceding the Exposition.

**Feeds and Forage:** In order to conserve our exhibition space and to prevent congestion in the aisles, the following regulation will be strictly enforced:

Exhibitors will not be permitted to bring standard feeds to the Exposition, as they can secure these from the Superintendent of Forage at prevailing prices.

Should the exhibitor desire to bring in specially prepared feeds, they must be carefully bagged and labeled and turned over to the Superintendent of Forage for storage. He will deliver them to the exhibitor's location as required, for which a charge of \$1.00 per cwt. for storage and service will be made against the exhibitor.

Any standard feeds in excess of his "in transit" requirements which the exhibitor may have in his car must be labeled and turned over to the Superintendent of Forage. The exhibitor may then draw on this supply for his requirements. These feeds will be billed to him at the regular Exposition rates less their wholesale market price.

No allowance will be made to the exhibitor for any feed brought in by him in excess of his requirements.

**Electric Cookers:** To conserve space and prevent congestion, no electric feed cookers will be permitted in the Amphitheatre.

**Storing Articles:** Storerooms will be provided in which all packing and shipping materials must be deposited.

**Express:** The Express company will have its office at the Exposition for the accommodation of those desiring to ship their exhibits by express. All express material intended to be delivered at the Exposition should be addressed in care of the International Live Stock Exposition, Union Stock Yards, Chicago.

## POST OFFICE

There will be a post office in the Exposition Building, where mail will be received and dispatched. All mail addressed in care of the Exposition will be found at this office.

## SHIPPING DIRECTIONS

All exhibits of merchandise and purebred livestock can be unloaded from the cars on the exhibition grounds. Shipments should be billed to the International Live Stock Exposition, Union Stock Yards, Chicago, Amphitheatre Track via the C. J. Railway.

All other livestock—steers to be exhibited in the Junior Livestock Feeding Contest, and entries to be shown in the carlot division, should be billed to the Union Stock Yards for unloading at the regular chutes.

Exhibitors can, when shipping, if they so desire, fill out their cars with other cattle, sheep, hogs or horses, to make full loads. Any surplus animals not required by the classification can be sold on the regular market, but such surplus must be culled out by the exhibitors before exhibits are delivered to the Exposition.

**BLUE SEAL FEEDS  
GIVE FASTER GAINS  
Build Better Profits**

Thousands of beef and pork producers on thousands of Illinois farms have for years preferred and used BLUE

SEAL cattle and swine feeds in their meat production programs.

They have learned from experience that there is a high quality BLUE SEAL feed for every livestock feeding need. And BLUE SEAL feeds have demonstrated time and time again over the years that they are formulated and manufactured to return the greatest feeding value per dollar of cost.

## RAILWAY FREIGHT OFFICE

**Freight Office:** The Superintendent of Transportation, at his office, will be prepared to quote tariff rates and to bill freight for shipment at the close of the Exposition.

## RAILROAD TICKET OFFICE

**Railroad:** Railroad lines will have ticket offices and agents at the Exposition, where full information may be obtained as to routes and the necessary tickets secured.

## VISITORS

Visitors may be assured of finding in the buildings everything necessary to their convenience.

Restaurants in the International Amphitheatre and in the Stock Yard Inn will serve meals and refreshments during hours of exhibition.

## HOTEL ACCOMMODATIONS

Exhibitors and visitors are urged to make hotel reservations as far in advance of their arrival as possible.

## BUREAU OF INFORMATION

There will be a free bureau of information in the main building.

## BANKS

The Live Stock National Bank and the Drovers National Bank will care for all legitimate needs of properly identified visitors and exhibitors.

## TELEGRAPH SERVICE

Western Union will have a branch office at the Exposition.

## TELEPHONE STATIONS

There will be public telephones at the Exposition.

## UNITED STATES CUSTOMS

Exhibits from Canada or any other foreign country will be admitted in bond with no charge for import duties if exported within six months from date of importation.

All exhibits from Canada or other foreign countries of any nature whatsoever, shipped by freight or express, may be consigned to any Custom House Broker or Forwarding Agent located in Chicago, who will, at reasonable cost, attend to entering the same in bond. However, exhibitors may find it more convenient to clear their shipments themselves.

Foreign exhibitors are advised that bonds with sureties or bonds with cash deposits are required on entry of exhibits into the United States. The bond will be canceled if the exhibit is exported under customs supervision within six months from date of importation.

# ROUND BALES

## are easy to feed . . .

In the feedlot . . . on the range . . . in the barn — round bales make cattle feeding easier.

Handling round bales is a cinch! Lightweight, (50 to 100 lbs., as you prefer), easy for one man to handle, won't buckle or come apart, and are safely twine-wrapped — no dangerous wire ends in the hay. Whole, or unrolled, watch cattle go for these leaf-heavy bales with quality rolled-in . . . never shattered and lost. Watch them clean up the last green leaf — whether in the barn, in the open feedrack, or on the range.

Every year more and more livestock farmers and ranchers are switching to weather-proof rolled bales — made only by the low-cost ROTO-BALER. Write us for free illustrated catalog, or see your Allis-Chalmers dealer.

## SEE THE INTERNATIONAL ON TV

## GENERAL RULES AND REGULATIONS

Exhibitors are requested to familiarize themselves with all the rules of this Exposition in classes and departments applicable to their exhibits.

### IMPORTANT GENERAL HEALTH REQUIREMENTS

Out-of-state livestock exhibited in Illinois must be accompanied by an official interstate health certificate from the state of origin, issued by a licensed, accredited, approved veterinarian, and bearing the approval of the livestock sanitary official of the state of origin, showing compliance with Illinois entry requirements.

Illinois livestock exhibited in Illinois must be accompanied by official health certificate or test report and/or vaccination record showing compliance with exhibition requirements.

Health papers shall be available to the state livestock inspector on demand.

**Violation of Rules: RULE 1.** An exhibitor who violates any of the following rules will forfeit all privileges and premiums and be subject to such penalty as the Executive Committee may order.

**Liability: RULE 2.** All exhibits will be under the control and direction of the Manager, but the Exposition will in no case be responsible for any loss or damage that may occur. Each exhibitor will be solely responsible for any consequential or other loss, injury or damage done to, or occasioned by, or arising from, any animal or article exhibited by him, and for its description as given in the catalog, and shall indemnify the Exposition against all legal or other proceedings in regard thereto.

**Interpretation: RULE 3.** This Exposition reserves to its Executive Committee the final and absolute right to interpret these rules and regulations, and arbitrarily settle and determine all matters, questions or differences in regard thereto, or otherwise arising out of, or connected with, or incident to, the Exposition.

**Amending Rules: RULE 4.** The Exposition reserves the right to amend or add to these rules as the Executive Committee in its judgment may determine.

### ENTRIES

**Application for Entry: RULE 5.** All applications for entries must be made out on printed forms and in accordance with instructions on them, giving class number, age, registry number, and all other necessary information. These forms after being signed by the exhibitor, are to be filed in the office of the Secretary of the Exposition on or before November 1. This applies to all entries, **including carcass entries**, except carloads, which must be entered on or before November 20. In all cases the right is reserved to reject entirely or accept conditionally any entry or application.

**Entry Fee: RULE 6.** An entry fee of \$4 per head will be charged on cattle, \$10 on horses, and 75c per head on sheep and swine, which must accompany entries. This money will, however, be applied on stall or pen rental when exhibit

is brought on, but retained if the exhibitor fails to bring his animals. No entry fees will be refunded after November 1.

**Ownership of Animals:** RULE 7. To be eligible for competition, whether singly or in groups, animals must be the bona fide property of exhibitors, and all animals entered for competition, except where otherwise specified, must be owned by exhibitor for 60 days prior to November 1. Registry certificate of ownership or transfer must be produced, if required, showing the exhibitor to be the owner. Animals to compose a competitive group need not be named in application for entry, but must be selected by exhibitor.

**Firms and Co-Partnerships:** RULE 8. Firms and co-partnerships entering animals for competition must be in existence at the time of making entry, and in all cases must be bona fide, and affidavits of the age of firms may be requested by the management.

**Eligibility for Competition:** RULE 9. An animal can compete in more than one class, and for any and every purse in groups or specials to which they are eligible under the classification. The rules are so arranged as to enable every exhibitor to easily determine in which class his exhibits are eligible.

**Catalog Numbers:** RULE 10. All entries will be inserted in the annual catalog, and exhibitors on their arrival at the Exposition will receive, on application to their respective association secretaries, tags with duplicate numbers to correspond with the catalog number, which must be fastened in the most conspicuous part of the stalls, pens or place where exhibit is shown.

**Substitution:** RULE 11. No person having entered anything for competition will be allowed to make substitution of animals or otherwise change the entry after ten days prior to the opening of the Exposition, except as noted in rule 12, nor may any one refuse any premiums awarded and the prize ribbons and commendation cards must be displayed during the Exposition.

**Erroneous Entry:** RULE 12. Exhibits that have been erroneously entered may, in the discretion of the Manager, be transferred to their proper classes previous to the judging. If such classes have been judged they shall not be reopened.

## EXHIBITORS

**Arrival of Animals:** RULE 13. All articles and animals for exhibition, except carlots of fat stock (see Rule 60), must be in their places, with all rubbish and waste cleared away at 6 a.m. of the opening day (Saturday, November 27) of the Exposition, and entered in the name of the real owner, to remain on the grounds to the close of the Exposition. Any violation of this rule will cause a forfeiture of all premiums earned by the exhibitors. Open class steers must be in place by 9 a.m., Friday, November 26. Carcass steers must be in place by 12 noon, Thursday, November 25.

**Release of Animals:** RULE 14. All animals must remain on the grounds until the close of the Exposition at 10 p.m. the final Saturday and will only be otherwise excused on veterinary recommendation approved by the management. Any violation of this rule will cause a forfeiture of all premiums by exhibitors.

**Care of Animals:** RULE 15. After having properly entered their animals, exhibitors must themselves see to their delivery to the Steward of the appropriate department, so that their exhibits may be in their places, properly ticketed and ready for competition, on the opening day of the Show before the work of

judging begins. They are likewise required to attend to their articles or animals while on exhibition, and answer such questions as the judge may deem essential to a correct estimate of their relative value.

**Use of Blankets:** RULE 16. Exhibitors are prohibited from using blankets or covers on their stock between the hours of 7 a.m. and 11 p.m. each day of the Exposition, except in the carload lots, where the hours will be from 9 a.m. to 4 p.m.

**Decorating Exhibits:** RULE 17. Exhibitors of horses are requested to decorate their quarters as tastefully as possible, and must keep that part of the building occupied by them neat and attractive in appearance.

**Uniforms:** RULE 18. Exhibitors are requested, in their own interests and for the best appearance of the Show, to see that their attendants are neatly and appropriately dressed when they lead their animals into the ring.

**Evening Shows:** RULE 19. A great educational feature of this Exposition is its evening shows and parades of approved livestock. Notice of time and places of parades will be announced by bulletins and stewards.

**Refusal to Parade:** EXHIBITORS REFUSING FOR ANY CAUSE NOT MEETING WITH THE APPROVAL OF THE MANAGEMENT TO LEAD OUT THEIR ANIMALS FOR PARADE OR FOR COMPETITION IN THE SHOW RING WHEN CALLED BY THE STEWARDS IN CHARGE WILL NOT ONLY FORFEIT ALL PRIZES PREVIOUSLY WON, BUT BE DEBARRED FROM FURTHER PARTICIPATION IN THE SHOW AND REQUIRED TO REMOVE THEIR STOCK FROM THE SHOW GROUNDS WITHIN SIX HOURS AFTER SUCH REFUSAL. The Executive Committee may further impose such additional penalty as in its judgment the case deserves.

**Arena Privilege:** RULE 20. No person other than those holding animals being exhibited will be allowed in the show ring during the time of judging, except the Judges and officially accredited ring stewards. This rule will be rigidly enforced.

**Catalog of Exhibit:** RULE 21. No animal shall be considered by the Awarding Committee whose attendant is not wearing a tag during competition.

**Removal of Exhibit:** RULE 22. An exhibitor wishing to remove an exhibit for the night must apply to the Manager; and, if there appears to be good reason for the removal, it may be effected by leaving a suitable deposit and receiving an official pass, the time of leaving and that of returning to be inserted thereon; and, if the exhibit be not duly returned, the deposit will be forfeited to the Exposition.

**Delivery of Animals, Placards:** RULE 23. Exhibitors will not be allowed to deliver animals or articles during the Exposition without special permission (though they may receive and book orders), nor will they be permitted to call attention to their wares in any noisy manner, and only such signs and placards may be used as the Manager shall approve and allow.

**Conduct:** RULE 24. Any false representation, interference or ungentlemanly conduct on the part of an exhibitor will be dealt with by the Executive Committee according to the equities of the case.

**Protests:** RULE 25. All protests must be in writing and accompanied by a deposit of \$20, which will be forfeited if protest is not sustained. Such protest must state plainly the cause of complaint, or appeal, and must be delivered to the Manager within six hours after the occasion for such protest, or in the Fat Classes, if age is brought into question, on the day prior to the one on which the animals are to be judged.

**Appeals:** RULE 26. No appeal of, or appeal from an award based upon a statement that the Judge or Judges have overlooked an animal or article will be considered by the Executive Committee.

**Points Considered:** RULE 27. The primary object of this Exposition is to encourage the breeding and feeding of improved breeds of livestock for well-defined, practical purposes. Regard will be had to symmetry, size, form, action, constitution, vigor and general characteristics of the various breeds, with reasonable allowances for age, but due regard will also be paid to heads and that graceful carriage, style and general refinement that denote breed character—points which, while not weighing on the scale, add value to animals when being sold for breeding and carcass purposes. And, in groups, encouragement will be given to uniformity of breed type.

**Barren Animals:** RULE 28. The Exposition debars and will to the utmost of its power discourage and prohibit the exhibition of barren animals in the breeding classes.

**Obesity and Leanness:** RULE 29. The Exposition reserves the right to discriminate against both excessive obesity, which cannot be a profitable condition for breeding animals, and excessive leanness, in which condition animals are unfit for exhibition.

**Official Veterinarian:** RULE 30. The Manager will appoint veterinary surgeons and such other assistants as may be necessary. The veterinary surgeon shall cause all animals to be examined before their admission to the grounds, as a safeguard against infectious or contagious diseases, and shall make inspection of the grounds, stables, stalls and pens and make report in writing to the Manager of the condition in which said grounds, stables, stalls and pens are kept. In case of sickness of any animal the same shall be removed when ordered by the Manager to a separate enclosure, where the exhibitor may either direct treatment of the animal himself, or employ a veterinary surgeon appointed for that purpose, for whose services and other necessary expenses incurred a reasonable charge will be made by the Exposition. The right is reserved to the Manager to order the peremptory removal from the grounds of any animal to which this rule applies.

## JUDGES

**Note:** Judges are earnestly requested to familiarize themselves with all the rules and regulations of this Exposition, and to especially mark those rules bearing on the classes to be adjudicated by them. Ignorance of the rules is inexcusable in a judge.

**Selection of Judges:** RULE 31. The single judge system is the policy of this Exposition, and, in every case, the judge is selected with the utmost care, and, as far as possible, will be of national reputation.

**Time of Judging:** RULE 32. The time at which the judges will pass upon the different classes is announced in the catalog, and will be on bulletin boards

conspicuously posted. **Any exhibit not presented promptly on schedule will be ruled out and debarred from competition in the class called.**

**Method of Awarding:** RULE 33. No animal will be awarded a prize unless removed from its stall or pen and exhibited with catalog number attached before the judge in show ring.

**Unworthy Exhibits:** RULE 34. Judges must not award a prize to an unworthy exhibit. It is the intention of the Exposition that no premium or distinction of any kind shall be given any animal or article that is not deserving. Judges are also requested to discriminate against animals upon which a surgical operation has been performed to improve their "show" appearance. These rules must be strictly adhered to, whether there is competition or not.

**Awarding Champion Prizes:** RULE 35. All first and second prize winners are eligible to compete for championship honors; but no second prize animal shall be eligible to rank higher than "Reserve" in any champion class.

**Competition:** RULE 36. **The management reserves the right to return entries and cancel any class in which, in its judgment, the number of entries is insufficient to insure adequate competition.** Where there are fewer entries in a class than the number of premiums offered, the judge may, at his discretion, award prizes of such grade as the animals deserve; but in any event, regardless of the number of entries listed in the catalog, where the animals of only one exhibitor or his immediate family are shown, the judge will award only one prize, which may be of the grade to which the judge feels that the exhibit is entitled, and need not necessarily be a first or second prize.

**Interference with Judges:** RULE 37. If any exhibitor in any way, whether in person or by agent or servants, interferes with the judges during their adjudication, or shows any disrespect to them, or the Exposition, the division superintendent shall, at his discretion, demand a proper apology from such exhibitor, or he may exclude him from competition and from the ring and may also withhold from such exhibitor any premiums that may have been awarded.

**Decision of Judges:** RULE 38. The decision of the Judges shall be final in all cases, except where mistake, fraud, misrepresentation or collusion, not discovered at the time of the award, is proven. In such cases the Manager, or such referee as he may appoint, may make decision, or with his approval, the case may be appealed to the Executive Committee, from whose decision there can be no appeal.

**Animals Disqualified:** RULE 39. Should any animal awarded a cash prize be disqualified the animals gaining the lower prizes shall graduate up into the higher positions next in order above them if in the opinion of the judge these animals are worthy of such prizes.

## PREMIUMS

**Ribbons:** RULE 40. Premiums will be designated by ribbons: Blue, first; red, second; white, third; pink, fourth; yellow, fifth; green, sixth. Championships, royal purple. Special ribbons or cards will be given to "highly commended," "commended" and "reserve" animals. To add to the value of awards all ribbons will be copyrighted.

**Exhibiting Premiums:** RULE 41. Exhibitors will be allowed to display prize ribbons, medals, certificates of award, etc., at their own quarters during the entire Exposition, subject to the approval of the Manager.

**Paying Awards:** RULE 42. (a) Cash premiums are payable by bank check (except, when, at the request of the exhibitor, a cup, diploma or medal is granted in lieu of cash). (b) The Exposition bank check will be drawn by the treasurer upon presentation of transcript of premiums awarded, duly signed by the Manager. (c) These checks in payment of premiums are payable "to order," and must be endorsed by those in whose favor they are drawn. (d) Special premiums will be paid by those offering them, on an order from the Manager. (e) All trophies, medals and certificates will be delivered to the general office of the Exposition, or forwarded to the exhibitors, as they may direct, as soon after the close of the Exposition as they can be properly engrossed and engraved. (f) All premiums whatsoever not claimed by exhibitors before January 1 of the following year shall be deemed forfeited to the Exposition or donors. (g) The Exposition reserves the right to withhold premiums awarded in every case in which it shall appear to the Executive Committee that the regulations have not been complied with, or that fraud or deception has been practiced or attempted.

**Eligibility of Animals:** RULE 43. All animals in the breeding classes must be recorded or accepted for record in the recognized books of record for their respective breeds, as shown herewith, and exhibitors must produce certificates of registry at the request of the Manager any time during the Exposition. Only the following records will be recognized:

# SPECIAL PRIZES

## FOR THE

### MEN BEHIND THE HERDS AND FLOCKS

Recognizing the superior skill, fine judgment and faithful devotion to duty on the part of the herdsman and shepherd in preparing the splendid specimens of animal excellence displayed annually at the International Live Stock Exposition, the management has decided to establish a series of competitive awards each year in the shape of medals, to be worn as honorary distinctions by these men in each of the various divisions.

The medals to be won comprise the following:

- To the herdsman fitting the grand champion steer of the show.
- To the herdsman fitting the grand champion carload of beef cattle.
- To the herdsman fitting respectively the grand champion bull of each of the four breeds of cattle.
- To the shepherd fitting the grand champion wether of the show.
- To the shepherd fitting the grand champion pen of wethers.
- To the shepherd fitting the grand champion carload of sheep.
- To the herdsman fitting the grand champion barrow.
- To the herdsman fitting the grand champion pen of barrows.
- To the herdsman fitting the grand champion carload of hogs.

The conditions of these awards shall be (1) that the animal or animals winning the championships named shall have been under continuous, immediate and personal charge or care of the herdsman or shepherd for a period of at least six months preceding the opening day of the show; (2) that, except for unavoidable sickness or other excusable absence, the animal or animals shall be led into the ring or exhibited to the judges by such herdsman or shepherd, as the case may be.

The purpose of awarding this series of valuable and beautiful medals is to show appreciation on the part of the management of the large share of credit due these faithful men for the excellence of the yearly exhibits at the "International," and to offer added incentive and a further reward for the intelligent thought and painstaking care by which they have sought to improve the breeds to which they are devoted.

### CATTLE HEALTH REQUIREMENTS

(See page 10 for general requirements)

**OUT-OF-STATE FEMALES AND BULLS.** Accompanied by approved interstate health certificate showing:

**Tuberculosis.** Negative to test within 30 days of entry unless from an accredited herd or negative herd originating in modified T.B.-free accredited area and cattle for exhibition negative to test within one year of date entering Illinois.

**Brucellosis.** Females and bulls over 6 months of age negative to test within 30 days unless from a certified brucellosis-free herd, or unless cattle are under 30 months of age and officially calfhood vaccinated.

Brucellosis suspects will not be admitted to state.

After entry, health certificates will be honored for 90 days from date of test.

### ILLINOIS FEMALES AND BULLS.

**Tuberculosis.** Negative to test within 90 days of exhibition unless originating in accredited herd, or originating in a negative herd and cattle for exhibition were negative to test within one year of exhibition.

**Brucellosis.** Females and bulls over 6 months of age negative to test within 90 days of exhibition unless from a certified herd, or unless cattle are under 36 months of age and officially calfhood vaccinated.

Brucellosis suspects will not be permitted to show.

**Scabies.** No cattle infested with scabies mites shall be brought into or exhibited within the State of Illinois.

**STEERS.** Tuberculosis and brucellosis tests not required, provided steers are isolated from breeding cattle during exhibition.

**Entry Fees:** RULE 44. An entry fee of \$4.00 per animal will be charged, which must accompany the application for entry. This money, however, will be applied on the stall rent (\$4.00 when occupying single stall), but retained by the Exposition in event the exhibitor fails to bring his animals.

**Nurse Cows:** Entry fee \$5.00 per cow.

**Initial Bedding Charge.** RULE 45. A charge of \$1.50 per stall for initial bedding will be made for all entries exhibited in the Amphitheatre, and also for Nurse Cows. Payment is to be made at time of settlement.

**Breeding Cattle:** RULE 46. Judges are instructed to award prizes for breeding cattle in the order in which they, as buyers, would make selection therefrom for breeding purposes; due consideration being given to the accepted maxim of breeding, that "like produces like," and to the doubtful utility for breeding purposes of over-fat animals, not considering color or pedigree.

**Tampering and Misrepresentation:** RULE 47. Any artificial means of removing or remedying the physical defects or conformation in exhibition cattle, such as cutting ties or lifting and filling under the skin will be considered as fraud and deception. All animals giving evidence of such treatment will be barred from competition at the International Live Stock Exposition. Misrepresentation of the age of an animal will be considered in the same light.

In the steer classes the regulations will be in full force and effect, but a tie shall not be regarded as a defect unless it is of such nature as to mar or injure what would otherwise be a prime carcass.

When satisfactory evidence has been obtained by the International management that this rule has been violated, the exhibitor, his herdsman, his manager, or all of them, may be barred from showing in any classes in the International Live Stock Exposition and reinstatement may be made only by a majority vote of its Board of Directors. In case any premium shall have been awarded to animals shown in violation of this rule, the International management will immediately request the exhibitor to refund all premiums, moneys, cups, trophies, and ribbons awarded under such violation.

**Nurse Cows:** RULE 48. Use of nurse cows will be permitted only for junior and senior calves, including steers, and will be limited to one cow for each calf.

**Signs:** Signs and placards used in connection with exhibits are not to exceed 22" x 28" in size.

**Note:** See Rule 35 regarding eligibility in Champion Classes; and Rule 36 in regard to Competition.

## ABERDEEN-ANGUS

### AMERICA'S FASTEST GROWING BEEF BREED

by Frank Richards, *secretary*,  
American Aberdeen-Angus  
Breeders' Association

It has been less than a century since Aberdeen-Angus cattle began producing beef for America's dinner tables. Yet in the 81 years since the Blacks were first imported from Scotland, the name Angus has come to mean the highest quality in beef. Angus is today America's fastest growing and second largest beef breed.

The ancestors of this breed were to be found in the rugged hills of northern Scotland, where the hornless, black, native cattle were noted as far back as the 16th century in that area. Existing on sparse vegetation and enduring a harsh climate, these animals passed on to their present day Angus descendants superior foraging qualities and the ability to thrive, unhampered by geographical limitations.

When the first Aberdeen-Angus were brought to the United States in 1873, the white-face breed had been established for 56 years and reds and roans were a fixture of 90 years' standing. However, the Blacks soon proved they had the superior qualities needed to compete easily with the other breeds.

The rivalry of fat stock shows quickly established the Angus reputation for superior beef quality. At the world's greatest stock show, the International Livestock Exposition, Angus steer winnings in the past 53 years have accounted for 74 per cent of the grand championships in the four major divisions. Angus alone have won all four interbreed championships in one year, and have "swept the board" not once, but 13 times! In the International carcass contest, the supreme test for a beef animal, Angus steers have won 46 of the 48 carcass grand championships since the famed Exposition began.

In 1954 Angus breeders witnessed the most outstanding year for their breed in America.

The record number of 213,410 purebred Angus calves registered in the American Herd Book in 1954 amounted to more registrations than were completed in the first 33 years of the American Aberdeen-Angus Association's history. Transfers of purebreds numbered 137,372, an increase of 15.80 per cent over last year. New association members for 1954 numbered 2,663, making the total active membership 28,705, the largest of all the beef cattle registry organizations.

On their many merits, Aberdeen-Angus have won the respect and admiration of the entire beef cattle industry—the farmer and rancher, the feeder, packer, and consumer. Their ability to rustle on the range under varied climatic conditions, their natural lack of horns, their solid black color, their resistance to profit-sapping eye troubles, and their famous record of steer winnings on the hoof and on the hook in International competition have won for them an important place in the beef production programs of practical cattlemen.

## ABERDEEN-ANGUS

The American Aberdeen-Angus Breeders' Association contributes \$5,000 toward the payment of the following prizes in the breeding classes:

NOTE: Individual animals shown in all of the following group classes must have been entered and shown in one of the classes for single animals.

All Aberdeen-Angus entries are subject to the provisions of the rules adopted by the Aberdeen-Angus Breeders' Association on October 30, 1953 relative to the unethical fitting of cattle, the showing of over-age cattle and the inspection of all entered cattle by persons authorized by such association.

# Steel in the Stock Yards

Steel pens, installed at Union Stock Yard as part of a vast improvement program, have so well proved themselves that today a 20-acre portion of the Yard is equipped with Bethlehem fences and gates and steel mangers, troughs and unloading chutes.

These steel pens, built and installed after on-the-ground studies by Bethlehem engineers, are extra-durable; a heavy zinc coating makes them resistant to corrosion. They are fireproof. Their smooth, round corners have ended heavy meat losses resulting from injury to animals.

Look them over carefully while you are in Chicago. And if you'd care for information about how steel pens can be used in your yards, contact the nearest Bethlehem sales office, or write to us at Bethlehem, Pa.

## EFFECTIVE—SIMPLE—ECONOMICAL

GIBSON OAT CRUSHERS, recognized by experienced feeders and breeders of purebred animals—as the finest unit available to roll (crush) difficult-to-chew, feed grains. Oats, wheat, rice, barley, milo, kafir, etc. introduced into the GIBSON OAT CRUSHER are first screened—then crushed into a highly palatable, nourishing feed for livestock. Crushing aids digestion—prevents digestive upsets—conditions the animal into all-around healthy, profit-making flesh.

## Model No. 4NS — GIBSON OAT CRUSHERS — Model No. 5½NS

There's a Gibson to fit your feeding operations. Well built, strong and durable GIBSONS cost less to operate, and keep going. Low horsepower requirements. Simple to use. Available with and without motor.

Ask us to send you all data about GIBSON CRUSHERS. Sold to you on a direct-from-factory basis—fully guaranteed. Write today—Department "O".

● MERCURY industrial tractors and trailers—"The Trackless Train"—have been used at every International Live Stock Exposition for the past 41 years. You will see this method in use again at the 1954 Exposition, as "The Trackless Train" delivers feed to all animals on exhibit, and Mercury tractors are used in the arena of the International Amphitheatre during the horse shows.

VISITORS to the Exposition are cordially invited to see the complete Mercury line of industrial tractors, trailers, lift trucks, tiering trucks, and other equipment at the Mercury factory, 4044 South Halsted Street.

# **"American Fence spans two lifetimes in our family,"**

—says John Holtkamp,  
West Point, Iowa.

## *6 favorite features of American Fence*

1. Long Life Wires
2. Hinged Joint
3. Tension Curve
4. Full Gauge Wires
5. Correct Spacing of Wires
6. Full Length and Height

● "My father used American Fence with such good results that I have continued to use it all my life," says Mr. John Holtkamp of West Point, Iowa. "We have miles and miles of American Fence on our 600-acre farm. It's the only kind I use. One stretch has been in constant service for over 40 years and it's still tight and strong. I believe the reason for this is the rust resisting wire and the solid construction of the steel corner posts."

Mr. Holtkamp specializes in Registered Angus cattle and sells about 100 head a year. He raises

most of his own feed and averages about 70 to 80 bushels of corn to the acre.

The Holtkamp farm has an efficient fence layout that saves hours of work daily and requires very little repair work. "In fact," says Mr. Holtkamp, "with my boy in the army, I don't know how I'd get the work done without good fence."

# THE HEREFORD HERITAGE

It all started in Herefordshire, England, with a stalwart son of a cow named Silver. Silver was given to Benjamin Tomkins at his father's death. Several years later Benjamin took a bull calf from Silver and bred him to two cows, Pigeon and Mottle. From this union the Hereford breed of cattle emerged.

A product of necessity, the Whitefaces were bred to meet the expanding need for beef in England during the 18th century. Designed primarily and exclusively for the production of beef, the Hereford eventually attracted attention in the United States where cattlemen were seeking a beef animal which would rustle for itself on America's plains, hills and mountains.

Henry Clay imported the first Herefords to this nation in 1817. In 1840 the first breeding herd of Whitefaces was established near Albany, New York. Prize winning Herefords were found at eastern county fairs by 1847. The east took Herefords into their herds, their reputation spread westward, and the cattle soon followed by rail.

Westward March: In the hard winters of 1885-86-87 the Hereford became widely known because of its ability to withstand such weather and survive to replenish the decimated herds of the north and northwest. The Longhorn retreated as the railroads made possible the introduction of Herefords farther and farther westward. Soon the range herds became predominantly Herefords and the markets saw them in great numbers.

From buffalo to Longhorn to the compact Hereford, so goes the story of the meat producers of the nation. The hardy, self-reliant Hereford took over the grasslands as the major beef animal, never to relinquish its hold.

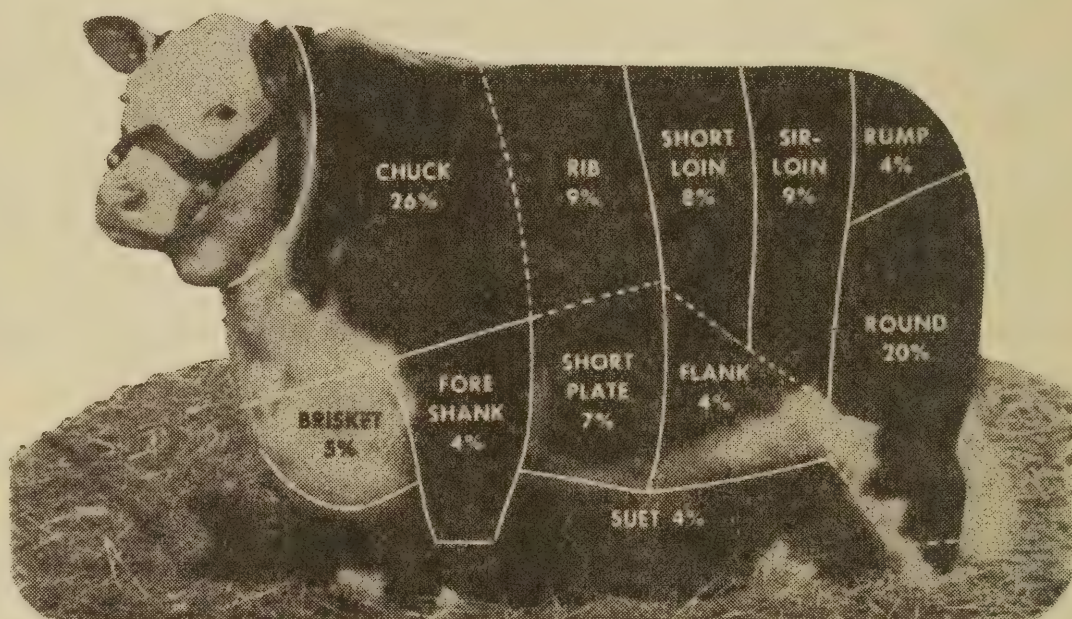

A registry and promotion organization was founded in 1881 named American Hereford Association. Membership totaled 145 from 18 states; there were 6,415 Hereford cattle registered.

In 1920 total registrations reached 125,000. By 1930, Hereford breeders had recorded 1,880,000 Whitefaces. Ten years later, the total soared to 3,130,000. When the books were closed on 1954, total registrations passed the eight and a half million mark to underline in bold terms the tremendous progress made by Herefords and more than 80,000 breeders over America.

During the past fiscal year the Association issued over 550,000 certificates. Never in the history has a single breed of livestock so completely dominated an industry as Herefords have established their supremacy in beef industry. They have become so much a part of our life that when the average American thinks of beef cattle, he naturally thinks of Herefords.

***When You Eat Good Beef . . .  
The Chances Are 4 to 1 . . .  
It's HEREFORD Beef . . .***

Shown above are the major cuts of beef from the carcass of a prime HEREFORD steer. Those which are above and to the right of the dotted line are the higher priced and more desirable cuts. It is from these portions that the delicious roasts and steaks come.

The 1953 International Live Stock Exposition Grand Champion Steer was a HEREFORD named "Lone Star." Herefords have long proven their ability to produce top quality beef at live stock markets over the nation. During a recent survey, HEREFORDS drew top market price at major markets more than 81% of the time; 4 times out of 5 the top load of quality beef cattle were HEREFORDS.

## HEREFORD

The American Hereford Association contributes one-half of the following prizes for Hereford breeding cattle recorded in the American Hereford Association. The Association's portion will be paid directly from the offices in Kansas City, Missouri.

NOTE: All exhibitors who have at least ten head of cattle are required to show in the ten head class unless officially excused. Those failing to show will not be paid regular premium money.

NOTE: Individual animals shown in all of the following group classes must have been entered and shown in one of the classes for single animals.

## 1954 "REVIEW AND ALBUM"

Copies of the 1954 "Review and Album" will be available, on application, as soon as possible after the close of this Exposition.

These books will contain every award at the 1954 Show, pictures of the champions, judges, list of exhibitors, department reviews, etc. One of these attractive cloth-bound books should be in the library of every stockman.

## SHORTHORN CATTLE IN AMERICA

*By: Allan C. Atlason*

*Executive Secretary,*

*The American Shorthorn Breeder's Association*

American Shorthorn and Polled Shorthorn cattle trace their origin to the land adjacent to the British River Tees and the subsequent further development of marked beef characteristics in the hands of Scotch breeders. In both Great Britain and America, the breed holds the distinction of representing the first continuous registration of purebred livestock in the world. The Coates Herd Book, of Great Britain, founded in 1822, and the American Herd Book in 1846 paved the way for all pedigreed animals.

The fundamental and widely acknowledged characteristics of Shorthorn cattle primarily responsible for their acceptance in all sections of the world include unexcelled ability to outgain and outweigh other beef breeds at any age on either grass or grain concentrates, their ability to produce more milk than competitive beef breeds, and their quiet, easy-handling, easy-feeding dispositions. Shorthorn cattle are identified by colors of red, white or a mixture of the two called roan.

The breed's advancement and development in America is synonymous with America's leadership in agriculture. The versatility of Shorthorn cattle made them indispensable to pioneers who utilized their beef, milk and hides and even their rugged draft power as a foundation for survival. The influence of Shorthorn sires on Spanish Longhorns helped increase the efficiency of western grass areas and shortened the time necessary to produce finished beef. Shorthorns were the first great improvers in beef cattle production.

Modern Shorthorn and Polled Shorthorn cattle, still possess the basic profit characteristics which have always identified the breed. Many modern ranching operations have added 100 pounds per year to the offspring of each cow by the use of Shorthorn bulls in herd improvement. In the feedlot their rapid and economical gains make them the favorites of cattle feeders everywhere.

Shorthorns and Polled Shorthorns prove performance in any interbreed competition. They were EIGHT times champion yearling steers in all TEN Chicago Feeder Shows. They have been International Grand Champion steers FOUR out of the last NINE shows, plus TWO Reserve Champions. And at the National Western Stock Show in Denver FOUR out of the past SIX Grand Champion carloads of feeders were Shorthorns, plus Reserve Champion in 1954, when they outsold the Champions.

In rate of gain competition they have no equal.

**POLLED SHORTHORN****CHAS. J. LYNN CHALLENGE TROPHIES**

Chas. J. Lynn, Carmel, Indiana, offers two challenge trophies—one to be awarded to the exhibitor of the grand champion Polled Shorthorn bull, the other to be awarded to the exhibitor of the grand champion Polled Shorthorn female. Each trophy must be won three times by one exhibitor before becoming his permanent possession.

The American Polled Shorthorn Association contributes \$2,080 toward the payment of the following prizes in the breeding classes: (No exhibitor shall be permitted to win more than two prizes in any one class.)

NOTE: Individual animals shown in all of the following group classes must have been entered and shown in one of the classes for single animals.

## SHORTHORN

## SPECIAL

Shorthorn Society of United Kingdom of Great Britain and Ireland offers a Silver Challenge Cup for the best Shorthorn exhibited. This cup to be won three times by the same exhibitor (not necessarily in succession) before becoming his absolute property. The cup must be awarded on each occasion to a different animal.

The American Shorthorn Breeders' Association contributes \$4,080 toward the payment of the following prizes in the breeding classes: (No exhibitor shall be permitted to win more than two prizes in any one class).

NOTE: Individual animals shown in all of the following group classes must have been entered and shown in one of the classes for single animals.

# FAT CATTLE DIVISION

## IMPORTANT NEW STEER REGULATIONS

### A—Definition of Classes

**Junior yearling**—Born on or after January 1, 1953. No steer can be shown in this class that has more than one pair of its milk teeth replaced by permanent teeth, and the permanent teeth cannot be advanced enough to be in wear. A steer entered as a junior yearling, but by mouthing is found too old, will not be allowed to be shown or sold at the show.

**Summer yearling**—Born on or after May 1, 1953, maximum weight 1125 lbs.

**Senior calf**—Born between September 1 and December 31, 1953. Weight cannot exceed 1025 lbs.

**B**—In case a calf in either of the two younger classes is overweight or otherwise over the maximum requirement for the class in which it was entered, it will be transferred to such classification in which it will fall according to the foregoing specifications.

**C**—Weight of cattle at the time of judging will prevail, and the management reserves the right to weigh any or all animals at the time of showing.

**Age Classification. RULE 49.** All entries, including those in Carcass Classes, either native or branded, must be accompanied by a bona fide Certificate of Age signed by the breeder of the steer. In the case of branded calves, month of birth will suffice. If such certification cannot be obtained before entry is made, the steer must be entered and shown in the Junior Yearling Class. However, this does not mean that Junior Yearling steers are not required to have age certificates.

**Mouthing. RULE 50.** All steers will be "mouthed" by competent veterinarians; and all will be ear-punched at the show.

**Advice to Judges: RULE 51.** Judges are instructed to prefer the highest degree of excellence obtainable, considering form, finish, quantity and quality of flesh and fat, and weight for age; to recognize the very highest quality of prime edible meat, and to object to the production of superfluous tallow; qualities that are indicated to the touch, to the end that animals that win prizes on foot shall ultimately be proved first quality of beef and a profitable type of beef-producing animal (see Rule 46).

**Disposition of Animals. RULE 52.** Entries for slaughter test must be made prior to November 1 and all steers entered in slaughter contest must be designated by name and date of birth at time of entry.

**Duplicate Ribbons: Note.**—As there has been considerable rivalry between the exhibitor and the purchaser for the possession of the first and championship ribbons, the management has decided to duplicate these throughout the fat cattle classes.

**NOTE:** All steers will be ear-tagged, weighed, and mouthed at 1 p.m., Friday, November 26.

### THE B. H. HEIDE MEMORIAL TROPHY

Friends of the late B. H. Heide, secretary-manager of the International from 1907 until his death in 1946, offer a sterling silver perpetual challenge trophy to be awarded to the feeder of the grand champion steer. The award is to be made at the time of the sale of the grand champion and the cup is to be held for one year.

**LORD ELGIN TROPHY**

The Elgin National Watch Company presents the Lord Elgin Trophy, a perpetual trophy, in honor of the Earl of Elgin and Kincardine, to the exhibitor of the Grand Champion Steer. The exhibitor's name will be inscribed on the base of the trophy. Trophy will be held for one year by the winner and returned to the International office one month prior to the next year's show. A Lord Elgin watch will be presented to the exhibitor of the Grand Champion Steer.

**ABERDEEN-ANGUS**

The American Aberdeen-Angus Breeders' Association contributes \$2,115 toward the payment of the following prizes for Steers, Spayed or Martin Heifers (purebred, grade or crossbreds by Aberdeen-Angus sire.)

**NOTE:** Date of birth of animal must be stated on entry card. Where exact date is unknown, month and year may be given.

**CLASS 121**

**1954 "REVIEW AND ALBUM"**

Copies of the 1954 "Review and Album" will be available, on application, as soon as possible after the close of this Exposition.

These books will contain every award at the 1954 Show, pictures of the champions, judges, list of exhibitors, department reviews, etc. One of these attractive cloth-bound books should be in the library of every stockman.

## HEREFORD

The American Hereford Association pays two-thirds of each of the following prizes for Steers, Spayed or Martin Heifers (purebred, grade or crossbred by Hereford sire). The Association's portion will be paid directly from its office in Kansas City, Mo.

**NOTE:** Date of birth of animal must be stated on entry card. Where exact date is unknown, month and year may be given.

**SLAUGHTER TESTS**

Carcass steers must be in the Amphitheatre by noon Thursday, November 25. They will be mouthed Thursday afternoon.

On Hoof Classes will be judged at 9 a.m., Friday, November 26. Immediately following the judging, the cattle will be weighed and taken to the packing plant and will be slaughtered Saturday, November 27. Carcass judging is scheduled for Monday morning, November 29. The prize-winning carcasses will be returned to the Amphitheatre for exhibition.

The carcasses will be sold and proceeds will be transmitted to the exhibitors through the commission houses they designate.

**Delivery of Animals Entered for Slaughter:** RULE 55. Exhibitors of animals entered for slaughter in the dressed carcass competition must, when requested, deliver said animals into the charge of the General Superintendent, who shall direct their care, food and shrinkage, in accordance with the requirements of the case. Interference on the part of the exhibitor with animals thus delivered will be summarily dealt with.

**Instruction to Judges:** RULE 56. Judges of fat carcasses in competition are instructed to prefer the attractiveness of carcass, percentage of high class meat to total carcass, quantity and quality of flesh and fat. Judges of the dressed carcass classes (cattle, sheep and swine), are furthermore required to make their short leet of six carcasses first and then cut half of these six carcasses into market cuts before making a final decision.

**Labeling Carcasses:** RULE 57. Carcasses are not to be labeled as to percentage of dressed weight, etc., until after they have been judged.

Animals entered in the Carcass classes (144 and 145) must be shown in their respective On Hoof classes (141 and 142). Competition open to any recognized beef breed in the carload or single classes.

(Date of birth of animal must be stated on entry card. Where exact date is unknown, month and year may be given.)

**CLASS 146****CHAMPION CARCASS—\$100, RIBBON**

**AMERICAN SHORTHORN BREEDERS' ASSOCIATION SPECIAL:  
BEST SHORTHORN CARCASS IN THE SHOW—\$25**

## CARLOAD DIVISION

**Eligibility:** RULE 58. Cattle competing in the following classes may have been fattened in any part of the world. No restrictions are placed on the places, feeds or methods of the feeder who finished the cattle for the Exposition and the market. However, they must have been fed by an individual or firm, as provided in Rule 7.

**Ownership, etc.:** RULE 59. Affidavits will be required from exhibitors of cattle in the carload classes, showing that at least twelve of the animals constituting a load were their property for three months prior to the date of entry, while the 60 days' ownership rule prior to the closing date of entry, will apply on the balance.

**Program:** RULE 60. Carloads of cattle intended for competition in the carload classes must be in place not later than noon, Thursday, November 25, and must be entered one week prior to the opening date of the Show. The weighing of the carloads will be done after the Sifting Committee finishes passing on the cattle, the carloads to be handled prior to weighing in the same way as cattle that are to be sold on the open market. The judging will be done on Saturday, November 27. The cattle will remain on exhibition until 6:00 P.M., Thursday, December 2. All animals must be watered between 1:30 and 2 P.M. previous to day of sale; water should be shut off at 2 P.M. and troughs must remain drained until after the sale. There will be no stall or entry fee charged in this division.

**NOTE**—Steers entered in the Carlot Division cannot be shown in the individual classes.

---

### S M S RANCH SPECIALS

Swenson Land & Cattle Company, Stamford, Texas, will duplicate all prizes won by S M S cattle in the carlot division, under the following conditions: All cattle in the carlot must be S M S cattle and must be entered as such. A sign, stating that they are S M S cattle, must be placed in a conspicuous place in the pen. It is requested that a photograph be made of any prize winning S M S cattle and the photographer be instructed to mail three prints to Swenson Land & Cattle Company at their expense.

## 1954 "REVIEW AND ALBUM"

Copies of the 1954 "Review and Album" will be available, on application, as soon as possible after the close of this Exposition.

These books will contain every award at the 1954 Show, pictures of the champions, judges, list of exhibitors, department reviews, etc. One of these attractive cloth-bound books should be in the library of every stockman.

# JUNIOR LIVE STOCK FEEDING CONTEST

## ELIGIBILITY

For the purpose of encouraging a practical interest among young people on farms in the feeding of cattle, sheep and swine, the Union Stock Yard & Transit Company of Chicago offers the following prizes on animals fed by boys and girls between the ages of 12 and 20 years inclusive on January 1, 1954.

### IMPORTANT NOTICE

All steers approved for the Junior Show will be "mouthed" by competent veterinarians; and all will be ear-punched at the show.

### DEFINITION OF CLASSES

- Junior Yearling**—Born on or after January 1, 1953. No steer can be shown in this class that has more than one pair of its milk teeth replaced by permanent teeth, and the permanent teeth cannot be advanced enough to be in wear. A steer entered as a junior yearling, but by mouthing found too old, will not be allowed to be shown or sold at the show.  
**Summer Yearling**—Born on or after May 1, 1953, maximum weight 1125 lbs.  
**Senior Calf**—Born between September 1 and December 31, 1953. Weight cannot exceed 1025 lbs.
- In case a calf in either of the two younger classes is overweight or otherwise over the maximum requirement for the class in which it was entered, it will be transferred to such classification in which it will fall according to the foregoing specifications.
- Eligibility for competition in any class shall be determined by the actual weights of the cattle at the time the class is judged. The management reserves the right to weigh any or all animals shown in competition.

### CALVES

Steers, Spayed or Martin Heifers (purebred, grade or crossbred). Purebred sire or predominance of breed type and character to classify in case of grades and crosses. Date of birth of animal must be given—if exact date unknown, give month and year.

RULES

1. All entries must be made to your county agent or agricultural instructor on regular entry blanks by October 15, approved and signed by an agricultural instructor or county extension agent supervising such project and by a parent. The county agent or the agricultural instructor will forward the blanks to the office of the International Live Stock Exposition, Union Stock Yards, Chicago 9, Illinois, by November 1, 1954, final entry closing date.

2. All steer entries, either native or branded, must be accompanied by a bona fide Certificate of Age signed by the breeder of the steer. In the case of branded steers, month of birth will suffice.

3. Exhibitors must personally feed and care for the animals entered during the entire feeding period, and also personally exhibit these animals without any aid or assistance unless excused by the Superintendent of the Contest while showing in another Junior class, which permission must be secured prior to actual showing, and be filed in writing. (Away from home, attending school or working, will be considered a violation of this rule.)

If a prospective exhibitor has animals on hand to show at the 1954 show and is called into the armed services after August 1, 1954, he may request permission for another junior to fit, feed, and show his animals. Such request must be made in writing to the International Live Stock Exposition with the name, address and age of the junior who will care for and exhibit such animals. Also, the farm on which animals will be cared for must be included in the application.

4. Calves will not be permitted to change ownership after April 1, 1954. No boy or girl will be allowed to exhibit an animal that has been shown at any fair during the current year by some other person.

5. All animals must be fed, fitted, entered, and shown by exhibitor.

6. Complete records of the project must be carried up to the time of registration at the show by all boys and girls carrying fat stock projects for the Exposition.

7. Any exhibitor may be required to show proof of his eligibility to compete in any class.

8. Violation of any of the above rules will bar an exhibitor from participating or showing for any of the prizes, and may bar him from future shows.

9. Interpretation of these rules rests solely with the management of the International Live Stock Exposition.

**BARROWS**

Barrows will not be permitted to change ownership after June 1, 1954.

**REGULATIONS**

**NOTE:** Steers entered in this contest will not be able to show in the Carcass Contest as Carcass steers will be judged Friday morning, November 26.

1. ONLY FIRST AND SECOND PRIZE WINNERS in the Junior Feeding Contest will be eligible to compete in their respective open classes.

2. Exhibitors are limited to one entry in any one class in this contest except in championship classes.

3. Steers in the Junior Feeding Contest will be weighed and mouthed beginning at 1 p.m., Thursday, November 25. They will be reviewed by a weeding committee at 8 a.m., Friday, November 26. The classes will be called for this purpose in the order they appear above. Steers that are weeded will be sold the same day, beginning at 1 p.m. in a special auction.

All steers in this contest must be delivered to Sheep House No. 2 on Exchange Avenue not later than 12, noon, Thursday, November 25.

4. The same regulations concerning fee, initial bedding charge, feed charges and other matters not specifically mentioned above will prevail in this contest as in the open classes.

5. Animals entered in this contest must be stalled or penned in the special section provided by the International management, and according to whatever arrangement they request.

6. A special auction sale will be provided for steers entered in this contest on Friday morning, December 3, at 9 o'clock. There will be an auctioneer's fee of \$1.00 per head for this sale and it is optional with the owners if they will sell through it. Exhibitors must provide halters to be left on the animals after the sale.

7. Dormitory accommodations in the Stock Yard Inn Annex at the special rate of \$1.50 per night will be provided, as far as such quarters are available at that time, for the boys in this contest. If hotel rooms are desired, make reservations early. Exhibitors must make arrangements for housing direct with hotels.

**THOS. E. WILSON SCHOLARSHIPS**

Exhibitors in the Junior Livestock Feeding Contest of the International Live Stock Exposition are eligible to compete for three scholarships of Three Hundred Dollars (\$300.00) each, offered by Mr. Thomas E. Wilson.

**REGULATIONS**

1. The three (3) exhibitors in the Junior Livestock Feeding Contest who have accomplished the best all-around achievements in their junior agricultural activities will be awarded the scholarships.

A scholarship may be applied toward a course at a State Agricultural College. In exceptional cases, a scholarship may be applied toward a course at an approved educational institution other than a State Agricultural College. To do this, the winner must make such a request in writing to the National Committee on Boys & Girls Club Work, 59 East Van Buren Street, Chicago 5, Illinois. This request must be accompanied with written approval from (1) County Agent or Agricultural Instructor; and (2) State Club Leader or the State Vocational Agricultural Supervisor.

This scholarship shall be used within a year after the winner has completed the necessary non-collegiate school work. At the same time the national winners are chosen, an equal number of alternates will be selected on a descending basis. If a scholarship winner fails to avail himself or herself of the money involved, said award shall be offered to the first alternate in line. One-half of the money of the scholarship prizes will be paid at the time of matriculation and one-half at the middle of the first collegiate year upon receipt of a report of satisfactory progress by the winner from the State Leader or Supervisor.

2. Each winner will also receive a solid gold medal which will be presented by Mr. Thomas E. Wilson.

3. Winners of Thomas E. Wilson National 4-H Meat Animal contest scholarships are not eligible for a scholarship award in this contest.

4. Each exhibitor must submit original record books insofar as possible and a record on an official blank which will be supplied by the International Live Stock Exposition immediately following receipt of exhibitor's entry of his livestock in the Junior Feeding Contest not later than November 1, 1954.

5. The exhibitor's record to be filled in on the official blank must be returned to the International Live Stock Exposition, Union Stock Yards, Chicago 9, Illinois, not later than November 15, 1954.

6. The records will be judged by a committee and the winners will be announced during the International Live Stock Exposition.

## THE TOM BRADBURN MEMORIAL TROPHY

This cup is offered by Jess C. Andrew and family in memory of their shepherd, who served them faithfully for 28 years. It is open for competition to the shepherds of all breeds of sheep. He had so many friends among the other breeds that he would like to have the art of fitting and trimming carried on in all breeds.

The showing for this trophy will be at the end of the sheep judging, and the animals to be shown shall be one yearling ram and two yearling ewes, trimming and condition of fleece to count 60 per cent, fitting to count 40 per cent.

This is to be a perpetual cup, and the winner's name will be inscribed each year on the cup, and the cup is to remain in the Saddle and Sirloin Club where the people most interested will see it.

## CHEVIOT SPECIAL

The American Cheviot Sheep Society offers a special rosette for the best pen of 3 lambs, either sex, bred and owned by the exhibitor. All animals must be registered by the Society and must bear ear tags of the breeder and of the Society. The exhibitor must submit Certificates of Registry as proof of ownership and breeding, prior to entry into the competition.

Registration numbers of the winning entries and name of the exhibitor must be reported to the Secretary of the Society within 30 days after the close of the show.

## CHEVIOT

# HISTORY OF CORRIEDALE SHEEP

The need for a breed of sheep between the fine woolled Merinos and the coarse woolled mutton breeds, and combining the productivity of the two, was prevalent in the world for centuries. History records that the Romans attempted to produce such a breed, and experiments crossing Merinos with mutton breeds were carried on at later dates in Spain and France. These attempts to modify the breeds met with small success.

In New Zealand, about 1866, James Little determined to establish a dual-purpose breed, and bred thousands of Merino ewes to Lincoln rams. He sought for a cross that would retain the hardiness, longevity, and flocking qualities of the Merino, and the splendid backs and legs of mutton characterized by the Lincoln. He wanted a breed that would "fill the wool sack and fatten the bank balance." The carcass he had in mind would combine the heavy fleshing of the sire, without his tendency to coarseness and excessive fat, and the fine, sweet quality of the Merino.

Little culled his flock extensively, retaining only animals possessing the desired characteristics for his breeding stock. For many years the resulting sheep of this careful selection were known as half-bred sheep, but in 1903 a meeting was called and the Standard of Breed Type was set up. It was decided to name the sheep "Corriedale," which was the name of the ranch where Little had carried on his breeding program.

In 1914 the first Corriedales were imported to the United States, with the intention to produce the animals primarily as range sheep in the Western States. The first imported Corriedales carried marvelous fleeces and were acceptable in carcass, but were thought to be somewhat small for western use. Nevertheless, a number of ranchmen secured Corriedales and began the process of adapting them to the new conditions, at the same time trying to increase the size and mutton qualities without sacrificing the fleece.

The Corriedales were successful in the West and adjusted themselves readily to the prevailing range conditions. Midwestern farmers began noticing the new breed, and Corriedales started their migration eastward. During the past 40 years they have grown from a few hundred head in Wyoming to thousands of head distributed throughout the sheep raising areas of the United States. In 1953 17,746 were registered. This placed the breed in second place among all breeds in numbers of registrations in the United States. On a world-wide basis Corriedales are second only to the Merino in numbers of registrations.

The Corriedale is no pampered show sheep. James Little was a Scotsman, and true to his heritage he endeavored to develop a sheep that would be thrifty and a source of profit for its owner. The versatile Corriedale requires little attention, a matter to be considered when a farmer is figuring farm labor cost. The ewes are prolific and lamb easily. The early maturing lambs often reach market weight on mother's milk and grass alone. Such lambs frequently top the market. The rams effectively stamp their qualities on their offspring and are often used in grade flocks to increase wool production and improve the quality of carcass.

The Corriedale fleece is remarkably heavy and even, showing good staple length, and density; having pronounced crimp and serrations with an even tip. It is greatly preferred by wool manufacturers for its spinning qualities. The breed will shear more dollars worth of wool per animal than will any other breed. Ewes average 10 to 14 pounds of wool per year and rams 20 to 25 pounds. Weights far in excess of these are not uncommon.

In order that the high standards and outstanding productivity of the Corriedale will not only be maintained, but improved, a production record program is now in effect. Many of the breeders are keeping extensive records on their flock as a unit of production, and on the individual animals. The results of the records will provide a sound basis for culling, and in the selection of breeding stock. The final outcome will be a breed with recorded proof of its ability to produce, and show a profit to its owner.

At the annual meeting of the American Corriedale Association at Marion, Ohio, during July 1952, an American Standard of Correct Type was adopted. A copy of this Standard may be obtained free upon request to the American Corriedale Association, 108 Parkhill, Ave., Columbia, Mo.

**THE MACMILLAN HOOPES TROPHY**

Mr. Macmillan Hoopes, Wilmington, Del., past president of the American Hampshire Sheep Assn., desiring to have the greatest possible improvement of the breed always foremost in the minds of the breeders, offers, under the auspices of the Association, a silver cup, as a permanent trophy at the "International" for the Best Pen of Three Registered Ram Lambs, bred and owned by exhibitor, who must be a member of the Association in good standing. Winner to hold trophy for one year and return same to Exposition management in time for succeeding annual Exposition; each winning exhibitor's name to be engraved on trophy.

## THE COMFORT A. TYLER MEMORIAL TROPHY

Presented to the members of the American Hampshire Sheep Association by a friend in memory of the late Comfort A. Tyler, who was Secretary of the Association 1900-1934. Competition on best group of two yearling ewes and two ewe lambs, all registered, bred and owned by exhibitor, and shown at Chicago International Exposition. Winner to hold trophy for one year, returning it in time for the next "International."

### AMERICAN HAMPSHIRE SHEEP ASSOCIATION SPECIALS

Competition open only to members of the American Hampshire Sheep Association on registered Hampshire sheep bred and owned by exhibitor. Animals to carry Association ear tags at time of showing. Any Hampshire believed by the judge or management to be artificially colored shall not be eligible to compete for these prizes, and shall be removed from the ring. Lambs may compete in lamb classes as long as they carry their lamb teeth. Reports of awards to be made to the Association within 60 days of the close of the Show, giving Association registry numbers as shown by tags in ears, and names and addresses of winners. Prizes to be paid direct from Association office to the winners. Only one prize to be awarded to any exhibitor in a group class, and not more than two in a single entry class.

**ENGLISH SUFFOLK SHEEP SOCIETY SPECIAL**

In order to further the interests of the breed in the United States, the English Suffolk Sheep Society offers a Perpetual Challenge Cup, value \$125, for the best flock (one ram, two yearling ewes and two ewe lambs) of registered Suffolk sheep exhibited at the "International," belonging to a member of the National Suffolk Sheep Association (but not necessarily bred by exhibitor). This cup is to be in the possession of the breeder who wins it for one year at a time and his name is to be engraved upon it. The cup is to be returned to the National Suffolk Sheep Association at Chicago in time for the Show again next year.

## THE JAMES LAIDLAW MEMORIAL TROPHY

Given by a friend in memory of the late James Laidlaw, is offered through the National Suffolk Association on the best Pen of Three Suffolk Ram Lambs shown at the International Exposition. The trophy is to be won three times in succession before becoming the permanent property of the exhibitor.

### AMERICAN SUFFOLK SHEEP SOCIETY SPECIALS

These specials are open to members of the American Sheep Society. The sheep must be registered in the American Society and carry Society tags in ears at time of exhibition.

### NATIONAL SUFFOLK SHEEP ASSOCIATION SPECIALS

The above Association offers special premiums on registered Suffolk sheep under the following conditions:

Competing animals must be recorded in the National Suffolk Sheep Association and wear the registry ear tag of the Association at the time of showing.

Prize money will be paid direct from the Association office upon receiving from the International the placings and registry numbers of animals in their respective classes. Awards to any one exhibitor will be limited to one award in single classes and groups.

Entries accepted until November 20 by Wm. E. Ogilvie.

Awards offered and shearing equipment furnished by Sunbeam Corporation.

# WETHER DIVISION

RULE 67. All grade and crossbred wethers will compete in the regular breed classes with the purebreds. They must be **sired by purebred rams** and the blood of the sire will determine the breed competition in which they will be shown.

RULE 68. Eligibility for competition in any class shall be determined by the actual weights of wethers at the time the class is judged. The management reserves the right to weigh any or all wethers shown in competition.

Wethers should be entered in the classes in which they are likely to fall at Exposition time. If upon arrival they weigh into another class, they will automatically be transferred to the proper class.

(Note:) All wethers in the show will be mouthed by a competent veterinarian.

# WOOL SHOW

1. **Purpose**—The objects of this exhibit are: First, to encourage the production of better wool; second, to stimulate interest in the proper preparation of wool for market; third, to ascertain the commercial grading of the fleeces of the various breeds; and fourth, to select the best fleeces entered in each class.

2. **Eligibility of Contestants**—Any grower of wool may enter fleeces, but they must be entered in the name of the grower.

3. **Entry Fees**—No entry fees will be charged, but all fleeces competing will become the property of the International Live Stock Exposition and proceeds of the sale of such fleeces will be used to pay the premiums. Exhibitors may repurchase their fleeces for \$2.00 each but notice of their desire to do so must be given to the management prior to the closing of the show.

4. **Number of Entries**—Exhibitors are limited to two entries in any class, but entries may be made in as many classes as desired.

5. **Eligibility of Fleeces**—In order to compete for prizes, each fleece must:

- (a) Have been shorn in 1954.
- (b) Represent not more than 12 months' growth except that in the case of yearling fleeces, 16 months' growth will be allowed.

6. **Qualifications**—Any fleece entered in competition at the Wool Show shall be discriminated against if:

- (a) Tied with other than paper twine.
- (b) Showing any paint or tar brands (soluble branding fluids permissible).
- (c) Showing excessive dung locks or tags.
- (d) Discolored by excessive moisture.
- (e) Cotted.
- (f) Showing a weak staple or break in fiber.
- (g) Containing any excess of burrs or other vegetable matter.

7. **Preparation of Fleeces**—The fleeces shall be tied with paper fleece twine, flesh side out, in a manner to allow their being handled without falling apart.

8. Entries close November 10, 1954.

9. Fleeces must be delivered to the Superintendent of the Wool Show on or before November 26, 1954.

# SWINE DEPARTMENT

All Entries in the Individual and Pen Classes Close November 1.

## IMPORTANT

The Identification Letter sent in acknowledgment of receipt of entries must be presented upon entering the International Amphitheatre, ordering feed, and settlement.

## ILLINOIS HEALTH REGULATIONS

**OUT-OF-STATE SWINE.** Must be accompanied by approved interstate health certificate showing: Vaccination with anti-hog cholera serum and virus or modified live virus vaccine more than 21 days before entry into Illinois; or vaccination with Boynton tissue vaccine or crystal violet vaccine not less than 14 days nor more than 6 months before entry into Illinois, provided that swine vaccinated by the last two methods were at least 8 weeks old at time of vaccination.

The health certificate shall also show that all swine 4 months of age and over entering Illinois for exhibition purposes are negative to the agglutination test for brucellosis conducted by an official laboratory of the state of origin within 30 days of entry.

**ILLINOIS SWINE.** Vaccination with anti-hog cholera serum and virus or modified live virus vaccine more than 21 days prior to exhibition; or, by the serum alone method within 15 days prior to exhibition; or, by Boynton tissue vaccine or crystal violet vaccine not less than 14 days or more than 6 months prior to exhibition, provided that pigs treated by either of the last two methods were at least 8 weeks of age at time of vaccination.

Illinois swine for exhibition within the State shall also be accompanied by an official brucellosis certificate showing the swine to have been negative to the agglutination test for brucellosis conducted within 90 days of date of exhibition.

**RULE 70.** Entry fees of 75 cents for each animal will be charged. This money will be applied on pen rental, no pen to cost less than \$4.00, except in the carload lots, where no fees are charged. **These fees must accompany the application for entry, and will not be refunded if applicant fails to exhibit his animals.**

**RULE 71.** A charge of 75 cents per pen for initial bedding will be made for all entries exhibited in the Amphitheatre. Payment is to be made at time of settlement.

**RULE 72.** Exhibitors will not be allowed to make more than three entries in any class, and no animals will be given pen room unless properly entered.

**RULE 73.** No exhibitor shall be permitted to win more than two prizes in any one class.

**RULE 74.** Animals entered for competition in the single classes may also be shown in the pen exhibits, but only as property of the original exhibitor.

**RULE 75.** All animals exhibited in the barrow classes must be accompanied by a certificate from the Record Association representing the breed, showing the name and record number of sire and dam. **All barrows must be earmarked to be eligible for competition.**

**RULE 76.** All barrows entered in the pen exhibits must **individually** weigh to weight requirements.

**RULE 77. CARCASS ENTRIES.** Entries for all barrow carcass classes must be made prior to November 1.

**RULE 78.** All swine exhibited at owner's risk. The Association will not be responsible for any accidents or diseases of any nature.

**RULE 79.** Eligibility for competition in any class shall be determined by the actual weights of barrows at the time the class is judged. The management reserves the right to weigh any or all barrows shown in competition.

Barrows should be entered in the classes in which they are likely to fall at Exposition time. If upon arrival they weigh into another class, they will automatically be transferred to the proper class.

# Hampshires Are Meat Hogs

**T**HE Hampshire is probably one of the oldest of our American breeds of hogs. It is generally considered that they come from the same origin as do the Wessex Saddlebacks of present-day England. First importations reached this country in 1825 and descendants from that importation eventually gravitated to Kentucky where in 1893 a small band of Kentucky farmers met at Erlanger to found a recording association to keep pure in blood this superior strain of black hogs with a distinctive white belt.

This new breed which had been rapidly increasing in popularity in that vicinity seemed to these men to be hardier, quicker growing, easier feeding, more prolific and better foragers than any hogs they had ever known. In addition, they were meatier and in high demand for home butchering because of the high quality and fine texture of the meat.

Prime reason behind this movement, however, was the fact that the butchers from Cincinnati traveled yearly down the Kentucky River to contract ahead for these belted hogs at a substantial premium to supply a trade for hams and bacon of high quality.

The first recording association was called The American-Thin Rind Record Association. In 1907 the headquarters were moved to Illinois under the name of The American Hampshire Swine Record Association. In 1939 the name Hampshire Swine Registry was adopted.

Hampshires are a popular breed with the commercial hog grower today because they represent a happy blend of the fundamental essentials for efficient, profitable and satisfying pork production. They combine good litters of pigs raised, an economical growing ability and a market topping, easy shipping hog yielding a high quality consumer approved carcass.

There are definite reasons for the widespread existence of the belted hog, for the special place the breed occupies in the modern scheme of pork production. These reasons are based on the practical considerations essential to profitable production and a broader, more satisfied market.

Ever since their first known origin Hampshires have always been a distinctive meat breed, in between the extreme lard

hog and the extreme bacon hog. They dress out a high proportion of quality lean meat. At markets where hogs are bought on rail grade Hampshires consistently command a favorable price differential.

There are other considerations that have contributed to

today's widespread farmer preference for Hampshires. Their extra vigor and hardiness and outstanding shipping qualities have had their influence. They fit into any type of farming operation and under any climatic conditions. They have an unequalled record of barrow and carcass championships at fat stock shows.

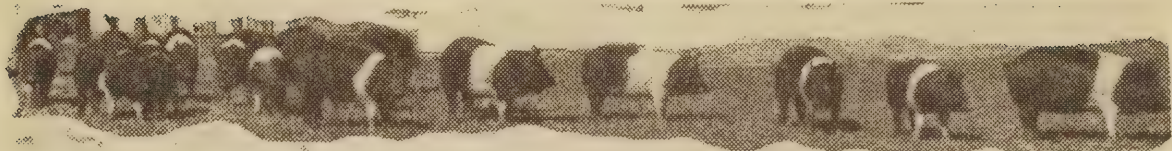

The Hampshire brood sow is without an equal as a mother. She farrows a big husky litter and more important she raises that big litter. She has a highly developed motherly instinct and milking quality that enables her to wean a maximum number and pounds of pigs per each twice a year litter.

Hampshires are outstanding foragers. They get out and hustle for a part of their living which cheapens costs of production, provides better nutrition and aids immensely in controlling parasites and maintaining effective sanitation. They are a meat hog getting the job done and a concerted effort is being made to make them better.

## *pioneers in swine improvement*

This great belted breed is the dominant leader in molding improvement into the pork production of the nation. Charted standards, actually set up and universally accepted by breeders of our fraternity, have guided the Hampshire to its present position of unrivaled popularity. For example, in Illinois, a recent official Livestock Crop Report shows Hampshire market barrows and gilts outnumber all other straight breeds combined; too, more than 50% of all crossbreds carried a Hampshire cross.

Certification assures bred-in lean—bred-out fat.

## **CERTIFIED MEAT-HOG PROGRAM**

The bred-in virtues of Hampshire production profits, and yield of buyer-preferred packages of good-eating lean meat, have set the stage for the swine industry's most epochal and constructive project, the *Hampshire Certified Meat Hog Program*. Here is another "Hampshire First" designed and balanced to improve the quality of the pork for the American table—even as it assures a maximum profit for producers. So does the belted breed meet the challenge of the future. For full facts address:

## **1954 "REVIEW AND ALBUM"**

---

Copies of the 1954 "Review and Album" will be available, on application, as soon as possible after the close of this Exposition.

These books will contain every award at the 1954 Show, pictures of the champions, judges, list of exhibitors, department reviews, etc. One of these attractive cloth-bound books should be in the library of every stockman.

# **COLLEGIATE LIVESTOCK JUDGING CONTEST**

Recognizing the importance of interesting young men in the study and improvement of the various breeds of domestic animals, the management of the International Live Stock Exposition will make the stock judging contest an important feature of their program. The Union Stock Yard and Transit Company will award a beautiful trophy to the Agricultural College whose five students do the most efficient work in judging the classes of horses, cattle, hogs and sheep assigned for the purpose, the students to give reasons substantiating their judgment. This trophy must be won three times before becoming the permanent property of any one institution. The college having the winning team is given temporary possession of the trophy during the following year.

If the highest ranking teams in judging all classes are tied with a numerical score, the team so tied that has the highest ranking contestant in judging all classes shall be designated as the winning team. And if the highest ranking individuals of the highest ranking teams are tied, the team having the next highest ranking individual shall be designated as winning team.

Should numerical tie scores occur of the highest ranking teams in judging horses, cattle, sheep or swine, the winning team shall be determined by applying the above method to the teams and individuals concerned in judging the class of livestock wherein the numerical tie occurs.

In addition to the above trophy the following ribbons will be furnished: Ribbon to each member of winning team; one to ranking man in Cattle, Sheep and Swine, respectively; championship ribbon to high man (all classes); and graded ribbons to next four in rank, all classes.

The "International" will also award a bronze medal to each contestant, regardless of his standing in the contest.

## **COACHES' MEETING**

A meeting of the coaches will be held at the LaSalle Hotel, Friday, November 26, 7 p.m., at which time they will make final entries.

## **BURT ODERKIRK MEMORIAL AWARD**

The Burt Oderkirk Memorial Award, provided by his friends, will be awarded as follows: a Silver Trophy will be presented to the high man in the contest; a rotating Plaque will be presented to the institution represented by the high man in the contest.

## **"SUCCESSFUL FARMING" SPECIALS**

The above publication offers canes to the ranking men in the judging of cattle, sheep and swine, respectively.

## **"ALLIED MILLS" SPECIAL**

Allied Mills Company of Fort Wayne, Indiana, offers an Argus C3 Candid Camera to the highest ranking individual in this contest.

**ROYAL AGRICULTURAL SOCIETY OF ENGLAND SPECIAL**

The Royal Agricultural Society of England offers a perpetual challenge trophy to be awarded for one year to the college whose team wins the contest.

**NATIONAL BLOCK AND BRIDLE CLUB AWARD**

The National Block and Bridle Club will award a plaque annually to the high team of the International Collegiate Livestock Judging Contest.

**ELGIN NATIONAL WATCH COMPANY AWARDS**

A 21 jewel Lord Elgin watch will be awarded to the coach of the winning team of the contest. Seventeen jewel Elgin watches will be awarded to each member of the high team.

**AMERICAN ABERDEEN ANGUS BREEDERS' ASSN. SPECIAL**

The American Aberdeen Angus Breeders' Association will award a True Type Model to the highest ranking individual judging cattle.

**AMERICAN SHORTHORN BREEDERS' ASSOCIATION TROPHY**

The American Shorthorn Breeders' Association offers a beautiful trophy to the team making highest score in the judging of beef cattle. This trophy must be won three times before becoming the permanent property of any college.

**AMERICAN SOUTHDOWN BREEDERS' ASSOCIATION TROPHY**

The American Southdown Breeders' Association offers a special plaque to the high team judging sheep. This trophy must be won three times before becoming the permanent property of any one college.

**AMERICAN BERKSHIRE ASSOCIATION TROPHY**

The American Berkshire Association, Willard D. Brittin, Secretary, Springfield, Illinois, offers a handsome silver trophy to the team taking highest rank in judging Berkshire barrows. This trophy must be won three times before becoming the permanent property of any institution.

**HAMPSHIRE SWINE REGISTRY TROPHY**

The Hampshire Swine Registry offers a beautiful trophy to the team making the highest score in the judging of swine. This trophy must be won three times before becoming the permanent property of any institution.

**(1) RULES GOVERNING ELIGIBILITY OF CONTESTANTS**

1. Any agricultural college undergraduate student representing his institution who has never taken part in any collegiate meat stock judging contest of interstate or international character previous to the year in which the contest is held, may enter, provided he is in attendance as a regularly enrolled student in the institution he represents, has taken one year's work in that institution, has not been away from the institution more than two years at a time after first entering said institution and who has at no time served in the capacity of animal husbandry instructor in any agricultural college.

**Exceptions to Above:** Regularly enrolled collegiate students, whether war veterans or not, who were members of teams competing in interstate contests in 1942 and who could have met all other requirements for competition in an International contest in 1942 shall be considered eligible for competition in 1954.

Veterans of Military Services not included above shall be considered eligible for competition in 1954 if they meet all requirements of Rule 1, except that pertaining to time away from the institution, and that time requirements shall be waived for war veterans only.

2. No college shall be represented by more than five men, which number shall constitute a team.

3. Each institution shall file with the Superintendent of the Students' Judging Contest at the time its students are entered an authoritative statement covering the eligibility of each of its representatives.

## (2) SUPERINTENDENT

1. It shall be the duty of the Superintendent to see that all rules and regulations governing the contest are duly carried out. He shall see that the contest is conducted with fairness and justice to all concerned.

2. The Superintendent shall have complete charge of the contest. If the committee of coaches chosen to select animals for the classes fail to agree promptly, it shall be his duty to confer with the contest judges, select the class, and proceed with the contest.

3. The Superintendent shall have a chief clerk and helpers to assist him in superintending the students while working on the different classes of stock and to aid him in such other capacities as he may require.

4. He shall direct the contestants which class to judge, time to commence work, and time to stop.

5. He shall say nothing to a contestant concerning the method to follow, either in judging the class, forming reasons, or giving reasons before the committee.

6. The Superintendent shall have nothing to do with placing the animals in the various classes, nor with the grading of the placing, or the reasons.

7. He shall have charge of all the grades given for both placing and reasons, and it shall be his duty to have these tabulated and totaled, and he shall deliver the result of the contest to the Secretary of the International Live Stock Exposition, who shall publish the result.

## (3) CLERKS, ASSISTANTS AND ATTENDANTS

The clerks, assistants and attendants shall be at the command of the Superintendent and shall carry out his orders, and none of these assistants shall confer with the contestants, unless directed to do so by the Superintendent.

The attendants showing the live stock shall hold the animals in a careful manner, so that all contestants may have a fair chance to make observations on the same.

## (4) JUDGES

1. The superintendent shall provide sufficient judges for each class of stock.

2. The judges shall decide which classes require reasons.

3. The judge shall decide on the placing grades, and shall keep his rating secret until after the contestants have been before him.

4. When the contestant appears before the judge the clerk shall present the contestant's card bearing his rating of the animals, but not his grade, and the judge shall make a note of his rating and grade it as his judgment dictates, and record his grade for placing on a card bearing the contestant's number. Fifty points shall constitute a perfect mark for placing. The contestant shall have two minutes in which to give his reasons for placing the animals. It shall be the duty of the judge to hear those reasons, to grade the same, and record his grade for reasons on the cards mentioned above. Fifty points shall constitute a perfect mark for reasons.

### (5) CONTESTANTS

1. All prospective contestants must send in their entries to William E. Ogilvie, Secretary of International Exposition, by November 15, 1954.

2. Regular entry forms will be mailed all prospective contestants who request them before November 15, 1954.

3. An entry fee of \$8.00 will be charged each contestant, which must be sent with the application. The money received is to be used to defray the expense of the contest and will include Saturday lunch.

4. Each college will be restricted to entering five (5) men, which number shall constitute a team.

5. Each contestant shall report to the Superintendent in the Amphitheater at 7:30 A.M., Saturday, November 27, 1954, when he will be assigned a number and receive such instructions as the Superintendent desires to give.

6. No contestant will be permitted to inspect the livestock at the International Live Stock Exposition prior to the contest. Any transgression of this rule will be sufficient cause to bar a student from the contest.

7. No contestant shall wear any uniform, college colors, college hat, nor shall he in any way signify to the judges his identity or the identity of the college which he represents.

8. While the contest is in progress, there shall be no conferring between contestants or between a contestant and anyone else, except as directed by the Superintendent or his representative. Any violation of this rule will be punished by the expulsion of the offender.

9. The contestants shall be divided by the Superintendent into four groups: A, B, C, D, and shall be so designated thereafter throughout the contest.

10. When the four rings of stock are brought in, Group A contestants shall be assigned to one, B to a second, C to a third, and D to a fourth. All groups shall be notified three minutes before time is up. When final time is called Group A shall move to the second ring, B to the third, C to the fourth, and D to the first ring, and shall continue to rotate in this way until each group has passed on every ring of livestock.

11. The contestant shall hand his card, bearing his number, the descriptive name given the class of animals, and his placing, to the Supervising Clerk immediately after he finishes with each class.

12. Each Student shall be required to give reasons on one class of horses, three classes of cattle, two classes of sheep, and two classes of hogs. The contestants will be informed which classes require reasons at the time they are working the class.

13. When the contestants have judged all rings of stock they shall be taken to convenient quarters where each contestant will give his reasons to the judges on the classes indicated. The order of reasons will be worked out by the Superintendent.

### **(6) TIME**

1. In each of the classes eighteen minutes shall be allowed the contestant to make his observations, record his placing, and write such memoranda as he may desire.

Each squad shall observe the rings of stocks at a distance of 25 feet until close inspection is called. For close inspection the squad shall be divided into two groups except three groups for sheep. The following time schedules for each class of livestock shall apply: Breeding Cattle 6-4-4-4; Fat Steers 4-5-5-4; Breeding Sheep 3-4-4-4-3; Fat Lambs 1-5-5-5-1. The first and last figures apply to observation from 25 feet distance and the middle figures are for close inspection.

2. Contestants shall remain outside the ring provided for the hog classes.

3. No contestant shall use notes or any device that will assist him while giving reasons before judges, except the placing card which he turned in.

4. Each contestant shall appear singly before judges and will be allowed two minutes for reasons on each class. The contestant shall write his placing on a card and hand it to the clerk as soon as he has placed the class.

### **(7) THE RINGS OF LIVE STOCK—HOW SELECTED**

The first ring of livestock will be selected by the Superintendent's staff, with the assistance of the contest judges. Coaches of the judging teams will divide themselves into committees, at the coaches meeting the evening before the contest. The committee shall report to the Superintendent on the morning of the contest at 7:30 A.M., at the Amphitheatre and will assist in selecting the second and third rings. The committee will specify the description of the ring that shall be given the students.

### **(8) CLASSES OF LIVE STOCK AND METHODS OF NUMBERING**

1. Four animals shall constitute a class.

2. There shall be five classes of beef cattle, three classes of sheep and four classes of hogs.

3. The cattle and sheep shall be identified by numbers (1, 2, 3, 4) on the arm of the attendant.

4. All newspaper men, officials, and others, except the Superintendent, his assistants, the judges, policemen and holders of stock shall be excluded from the ring while the contest is in progress.

The program to be followed will be given to the students by the Superintendent in charge on the morning of November 27, 1954.

The contest will begin at 7:30 a.m.

# COLLEGIATE MEAT JUDGING CONTEST

The Intercollegiate Meat Judging Contest, inaugurated in 1926, will again be a feature of the International Live Stock Exposition. The contest will be held on Tuesday, November 30, in the coolers of one of the packers. R. C. Pollock, Secretary-General Manager of the National Live Stock and Meat Board, is superintendent.

The contest is open to all agricultural colleges and to any other institution where adequate meat instruction is included as a regular course in the college curriculum. A team shall consist of three students. No college shall be represented by more than one team.

A contestant must be an undergraduate student who never has competed previously in a meat judging contest at the International Live Stock Exposition. It is required that the individual be a regular student at the institution represented, that the individual has had at least one year's work at that institution and has not been away from the institution more than two years at a time after first entering said institution. (This rule pertaining to time away from an institution will be waived in the case of war veterans.) Also that the individual has at no time served as animal husbandry instructor in any agricultural college.

Teams will judge or grade eleven classes of meat as follows:

- Two classes of beef carcasses.

- Two classes of wholesale beef cuts.

- One class of pork carcasses.

- One class of wholesale pork cuts.

- Two classes of lamb carcasses.

(The above classes for judging will consist of four exhibits each.)

- One class of (20) beef carcasses for classification and grading.

- One class of (10) lamb carcasses for grading.

Each carcass in the beef carcass grading class must be classified as to steer, heifer, cow or butcher bull and graded as high, average or low within one of the following U. S. grades: Prime, choice, good, commercial, or utility. The lamb carcasses grading class will be graded as high, average or low within one of the following U. S. grades: Prime, choice, good, utility or cull. Both the beef and lamb grading classes will be graded according to present specifications as officially recognized by the U. S. Standardization and Grading Division.

All exhibits will be arranged to allow flow of work. The contestants will be divided into groups of sufficient number to provide a smooth running contest, the individual contestants from each team being placed in different groups. Each group will be assigned to a different class of carcasses or cuts.

Fifteen minutes will be allowed for placing and note taking on the written reason classes. The first two minutes will be devoted to observing the class

without handling. A one-minute warning will be given before placing cards are collected. When all classes have been judged, the contestants will go to a comfortable room to prepare written reasons, twelve minutes being allowed per class. The five reason classes will consist of the following: Beef carcasses, beef cuts, pork carcasses, pork cuts and lamb carcasses.

Twelve minutes will be allowed for placing the following four non-reason classes: Beef carcasses, beef cuts, pork cuts and lamb carcasses.

Twenty-four minutes will be allowed for grading the 20 beef carcasses and twelve minutes for grading the class of 10 lamb carcasses.

The rating of individual contestants and teams will be in the hands of a committee of judges. Selection of the meat for the different classes to be judged also will be in the hands of the judging committee.

The awards will consist of a trophy, emblems and ribbons. The National Live Stock and Meat Board trophy—appropriately engraved—will be awarded to the team making the highest score in the contest. The trophy will be held by the team winning it only until the next contest unless the team is able to win it again. To retain it permanently a team must win it three times. A special plaque appropriately engraved will also be awarded to the winning team as its permanent property by the National Block and Bridle Club.

Plaques will be awarded to the high scoring teams in each division by the following organizations:

**Beef judging—American National Livestock Association**

**Pork judging—The National Association of Swine Records**

**Lamb judging—National Wool Growers Association**

**Beef grading—American Meat Institute**

**Lamb grading—Colorado-Nebraska Lamb Feeders Association**

The National Live Stock and Meat Board will award a trophy to the high ranking individual in the contest, and appropriate plaques to the high ranking individuals in the judging of beef, pork and lamb. Similar plaques will be awarded in beef grading and lamb grading.

Ribbons will go to the five high scoring individuals in the contest, and to the five high men in each of the five divisions; beef judging, pork judging, lamb judging, beef grading and lamb grading.

# COLLEGIATE CROP JUDGING CONTEST

The International Collegiate Crop Judging Contest, which has been a feature of the International Live Stock Exposition, beginning with 1923, will be held on Saturday, November 27. It is open to agricultural colleges and schools of similar rank and purpose in the United States and Canada.

Three regular members and one alternate selected from students of good standing shall represent an institution.

The contest will consist of three divisions:

(a) **Commercial grading** of 15 samples including 8 samples of grain, 3 samples of alfalfa hay, 2 samples of cotton grading, and 2 samples of cotton stapling.

(b) **Seed judging** of 6 four-sample classes selected from the following crops: Alfalfa, red clover, sweet clover, timothy, sorghum, wheat rye, barley, oats, soybeans, cowpeas, and field beans.

(c) **Crop identification**, including (a) variety and crop name, and (b) Latin name of 75 specimens of field crops, crop diseases, and weeds.

The coaches will meet at a time specified by the superintendent to check, rearrange, and give final approval to all materials.

General rules, and special rules governing each division of the contest, may be obtained from the superintendent.

The awards include: Team and individual trophies and ribbons provided by the **International Exposition** for meritorious performance in all divisions of the contest and a bronze medal for each contestant; watches for the coach and members of the high team by the **Elgin National Watch Co.**; team trophies and individual awards by the **Chicago Board of Trade** and **American Seed Trade Association** for winners in the crop identification, grading and judging divisions of the contest.

The committee in charge of the contest comprises

E. D. Holden, University of Wisconsin, Superintendent

Hugh Delany, U. S. D. A.

E. H. Floyd, U. S. D. A.

## **THE CHICAGO ASSOCIATION OF COMMERCE AND INDUSTRY SCHOLARSHIP**

The Chicago Association of Commerce and Industry offers \$500 for one scholarship for training in any accredited college or university. (See rules at end of section.)

## **ARMOUR & COMPANY SCHOLARSHIPS**

Armour & Company offer three scholarships of \$300 each, to be awarded to the three individuals in this contest who are high respectively in judging cattle, sheep and swine. (See details at end of section.)

## **"COUNTRY GENTLEMAN" SPECIAL**

This publication offers a 35 mm. camera to the highest ranking individual in this contest.

### **NOTICE**

An important MEETING OF THE COACHES will be held in the Conrad Hilton Hotel, Thursday, November 25, at 7:00 P.M.

## **RULES AND REGULATIONS**

The National 4-H Livestock Judging Contest will be held on Friday, November 26, 1954, in the International Amphitheatre, Union Stock Yards, Chicago, Illinois. Contestants will report to the arena in the Amphitheatre at 8:00 a.m.

Contestants and coaches are not permitted in the Show previous to the Contest, without permission of the Superintendent.

### ENTRY

Each state is invited to enter one 4-H livestock judging team of three members. Alternates will not judge. The team members shall be selected in a manner determined by the State Extension Service. The contestants must be certified by the State 4-H Club Leader, on entry blanks filed with William E. Ogilvie, Secretary-Manager of the International Live Stock Exposition by November 1, 1954.

An entry fee of \$3 will be charged each contestant which sum must be forwarded with the team entry. The money received from this fee is used in defraying the expenses of the examiners.

### CONTESTANTS AND ELIGIBILITY

1. Contestants must have conducted a Livestock Project during 1954 including Beef, Sheep, Swine, Horses, or Dairy approved by the Extension Service of their respective States.

2. Each contestant must have passed his or her 14th and not have passed his or her 21st birthday on January 1, 1954.

3. College students who matriculate prior to September 1st of the current year, or who have taken work beyond regular high school grades before that date, are not eligible to compete in this contest. This restriction does not apply to those who have attended a short course of 8 weeks or less.

4. Contestants who have participated in a meat animal judging contest of a national character prior to 1954 are not eligible.

5. No contestant shall wear any clothing, pins, or badges that will in any way reveal his identity or that of the state he represents.

6. While the contest is in progress, there shall be no conferring between contestants or between a contestant and anyone else except as directed by the superintendent or his representative.

7. Any contestant violating any rules will be debarred from the contest.

### SUPERINTENDENT

1. It shall be the duty of the superintendent to see that all rules and regulations of the contest are carried out. He shall decide all questions which may arise in connection with the interpretation of rules governing the contest.

2. He shall have an assistant superintendent and helpers to assist him.

3. The superintendent will not take part in rating the contestants.

4. He shall have charge of all records and shall have all ratings tabulated and totaled.

## CLERKS AND ASSISTANTS

The clerks, assistants and attendants shall be under the direction of the superintendent and shall carry out his orders; and none of them shall confer with the contestant unless directed by the superintendent.

## DETERMINATION OF RATINGS

1. Fifty points shall constitute a perfect mark on placing and fifty points a perfect mark on reasons.

2. When there is a tie between contestants for the breed or for high individual it shall be decided in favor of the contestant having the highest total per cent on reasons on that breed or for the contest. If there is still a tie, it shall be decided in favor of the contestant having the highest total per cent on judging the market classes of stock. If still a tie, then the oldest contestant.

3. Records tabulated and submitted by the superintendent to the Secretary Manager of the International Livestock Show and announced shall be final.

## JUDGES

1. Each judging committee may consist of two judges.

2. The judges shall place the rings while the contestants are working in the arena. The judges shall enter their placings on a placing card, indicate the cuts to be made and file that card with the superintendent.

3. Contestants will be handed their placing card as they appear before each judging committee to give their reasons. When the contestant has finished, the judges will place the official reason grade upon the contestant's placing card.

## TIME

1. Twelve minutes will be allowed contestants to make their placings on rings where no reasons are required.

2. Eighteen minutes will be given contestants on reason classes, to make their observations, make their notes and fill out their placing card.

3. Two minutes will be allowed to give oral reasons to the judges.

## RINGS OF ANIMALS

1. The coaches committee will select eight rings of animals—three of market swine; three of beef cattle—one market and one breeding; two of sheep—one market and one breeding or two market.

2. The animals will be designated by Numbers 1—2—3—4.

NATIONAL 4-H LIVE STOCK JUDGING CONTEST  
CHICAGO ASSOCIATION OF COMMERCE AND INDUSTRY  
SCHOLARSHIPS

The Chicago Association of Commerce and Industry offers \$500 for one scholarship. The following conditions govern:

1. The contestant making the highest rating in the judging of all classes of livestock in this contest is to receive \$500. This money to be available for training in any accredited college or university. It will be paid in one installment upon certification from the Dean or Registrar of a recognized college.
2. The winning contestant must, not later than the first day of March following the award, notify The Chicago Association of Commerce and Industry and the International Live Stock Exposition of his intention to accept the scholarship awarded, and indicate the year in which he expects to use it. Failure to give such notification will cancel his right to the award. If the highest ranking contestant forfeits, or fails to qualify for, the scholarship awarded for that place, the one ranking next in the contest shall be entitled to the scholarship.

---

**ARMOUR & COMPANY SCHOLARSHIPS**

Armour & Company offer three scholarships, of \$300 each, to be awarded to the three individuals in the 4-H Judging Contest who are high respectively in judging cattle, sheep and swine.

These scholarships are available for the study of agriculture or animal husbandry in any recognized agricultural college. In order to secure payment, a certificate of registration, signed either by the dean of agriculture or registrar of the institution, must be sent. A scholarship shall be used within a year of the date of the award except in cases where the winner has not completed the necessary non-collegiate work. In such case it may be used the year following his graduation from high school.

If a contestant ranks high in more than one class of stock, his scholarship shall be awarded on the class in which he has the highest grade. In case of the same grade then on the class of stock on which he has the highest reason grade. In case of the same grade then this order will prevail: 1, cattle; 2, swine; 3, sheep.

## 1954 "REVIEW AND ALBUM"

Copies of the 1954 "Review and Album" will be available, on application, as soon as possible after the close of this Exposition.

These books will contain every award at the 1954 Show, pictures of the champions, judges, list of exhibitors, department reviews, etc. One of these attractive cloth-bound books should be in the library of every stockman.

# Thirty-Second International Grain and Hay Show

## SPONSORSHIP

The following commercial organizations, deeply interested in promoting the welfare of agriculture, have provided the funds to underwrite the Thirty-Second International Grain and Hay Show:

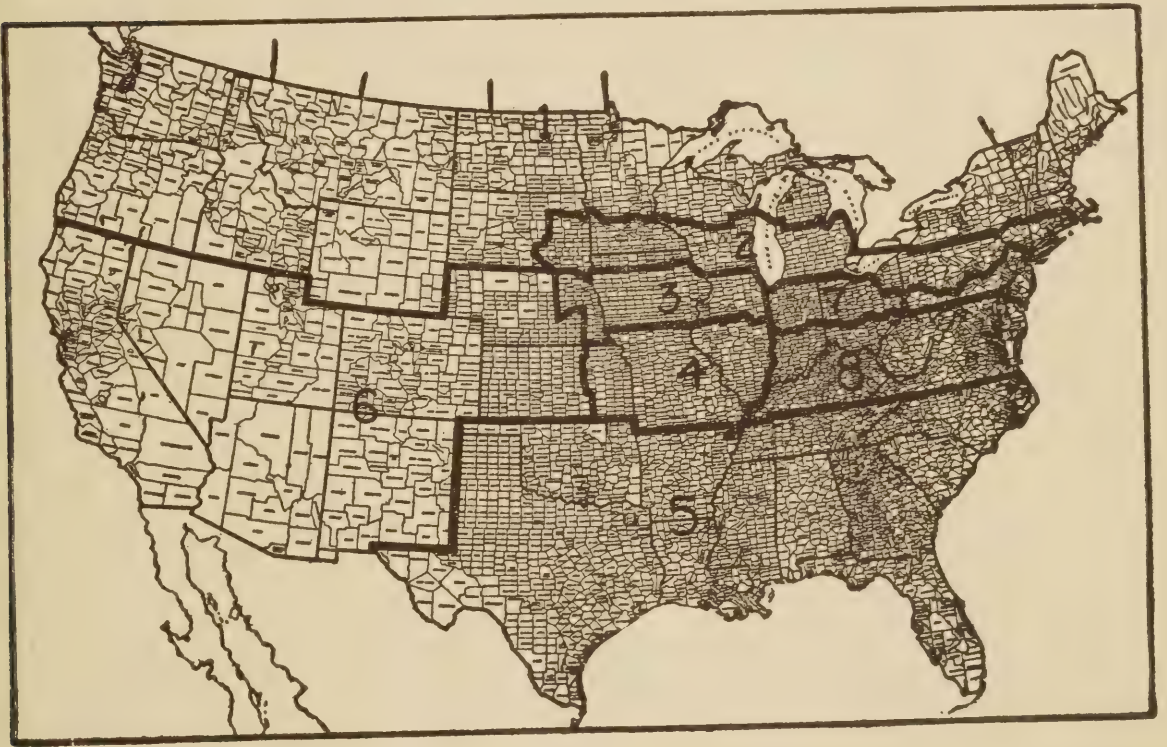

Allied Mills, Inc.

Sears, Roebuck and Company

The Quaker Oats Company

The Chicago Board of Trade

Union Stock Yard and Transit Co. of Chicago

## REGIONAL MAP

Because of climatic and soil differences which are reflected in the grain and forage crops, the United States and Canada have been divided by the agronomists of the agricultural colleges into regions of approximately similar crops to conserve the interests of exhibitors.

Lac Qui Parle County, Minnesota, is in region 1.

## RULES AND REGULATIONS

**1. Regions.** In order to equalize competition the United States and Canada have been divided into eight regions as shown on the accompanying map. In

classes where regions are specified, samples must be entered in the region where they were grown and no exhibitor will be permitted to enter samples in more than one region. Entries from foreign countries will compete in the region having the most comparable conditions.

**2. Number of Entries.** An exhibitor may not enter a total of more than five samples in the show and not to exceed one sample in any class except in the hybrid shelled corn classes.

**3. Eligibility.** Samples must have been grown and selected by the exhibitor in the year 1954. Only one sample from the same farm, firm or family will be eligible for entry or competition in any given open class except in the junior corn contest. It is the purpose to make the competition equal to all exhibitors by limiting the entries in any given open class to only one from a complete farming unit rather than to allow several entries in the same class from what to all intents and purposes is the same exhibitor, whether owners, partners, owner and renter or sharecropper in the operation of the farm. Where a firm or family owns several farms, its members are not entitled to additional entries in the same class unless the farming operations are distinctly separate businesses carried on by the exhibitors. Where there is a doubt as to eligibility, write to the superintendent of entries for an official ruling under the circumstances of your specific case. Where doubt exists in regard to samples being entered according to rules and regulations, exhibitors may be required to verify entries by oath or affidavit. Where two samples from the same farm, firm or family are found to have competed in the same class when only one was eligible, both will be disqualified. This rule also applies to the hybrid shelled corn classes, except that five entries instead of one are allowed in any certain class.

**4. Entry Fee.** No entry fee will be charged in any class.

**5. Making Entry.** All applications for entry must be made in writing and must be in the hands of the superintendent of entries not later than November 10, 1954. Entry blanks will be furnished upon request, and must be filled out completely including correct region number. Tags sent to exhibitors must accompany samples.

**6. Shipping Samples.** Ship samples in good condition and they will be returned in good condition. Samples, when shipped, must have all transportation charges prepaid and must reach the Exposition grounds not later than Monday, November 22, excepting certified hybrid shelled corn, which must arrive not later than Monday, November 15, for the germination test. Other samples may be delivered in person up to noon, Friday, November 26, which is the absolute deadline. All entries must have been made in accordance with rule 5. Shipments by freight will only be accepted when delivered to the Exposition grounds.

Canadian exhibitors are urged to follow through on the shipping of samples, so as to avoid having samples returned for postage due.

**Telephones: HA rrison 7-1588 & 1589**

**7. Handling.** Samples will be accepted only at the official receiving office where they may be placed in containers by exhibitors ready for exhibition. After samples have been accepted, only their official state or provincial representatives, the show management and judges will be permitted access to them. Changing or modifying samples after they have been accepted will not be permitted. The exhibition space will be closed to all but the proper officials until the show is open on Saturday morning, November 27.

**8. Return of Samples.** Samples will be returned by collect Railway Express if requested at time of making entry but the management will not be responsible should loss occur.

**9. Size of Samples.** All samples of ear corn must consist of ten ears each; grain sorghums, 10 heads each; shelled corn, threshed grain sorghums, wheat, oats, flax, barley, rye, soybeans, cow peas, field peas and field beans, one peck each; red clover, white clover, alsike clover, sweet clover, alfalfa, timothy, lespedeza, crested wheatgrass, sudan grass, brome grass, fescue grass and other grass seed, three quarts each; and hay, one bale weighing not less than 50 pounds. "Peck" and "quart" mean measured quantities of the Winchester bushel. Short samples will be barred.

**10. Undesirable Samples.** Any samples which are scoured, bleached, oiled, etc., so as to be objectionable for seed purposes will be disqualified at the discretion of the judges. The management reserves the right to determine the germination of all samples competing in any class other than for hay and to disqualify those found to be not suitable for seed.

**11. Awards.** The judges will award premiums in accordance with the merit of the entries. Samples of decidedly inferior merit will not be awarded premiums.

**12. Judging.** Judging will begin Saturday, November 27, and will be completed as quickly as possible so as to give visitors the greatest opportunity to inspect the show and study the awards.

**13. Release of Samples.** Exhibits will be held at the show room until 11 P.M., Saturday, December 4.

**14. Liability.** The management will take all due precautions in the handling and protection of samples but will not be responsible for any errors, omissions, damage or losses which may occur.

**15. Premium Equalized.** A sample winning a championship will be paid a first premium equal to that paid any sample which it defeats, regardless of the first premium offered in its class.

**16. Retired Champions.** Any exhibitor winning the highest award in a crop three times will not exhibit in the classes for that crop during the following three years. This includes other exhibitors from the same farm or family as defined in rule 3.

The management reserves the right to interpret these rules and regulations, to make such other rules as are found necessary and to adopt whatever methods it deems advisable to protect exhibitors against unfair competition.

---

### VARIETY NAMES

Exhibitors are urged to give the variety name where possible for the guidance of the judges and the benefit of visitors.

---

### RIBBON WITH EACH PREMIUM

Special purple ribbons will be awarded to the winning samples in all championship classes.

In addition to the trophies and special championship ribbons offered in this premium list, a handsome ribbon will be awarded with each cash premium which may be kept as a permanent record by the successful exhibitor. Championship ribbons will be purple, firsts blue, seconds red, thirds white, fourths pink, fifths yellow, sixths green and all others lavender.

---

### CASH PREMIUMS

The judges will make awards to approximately one half of the samples entered in each class and premiums will be paid in accordance with the following table, except in the hay contests. This will distribute the total money available for premiums evenly throughout the show in proportion to the competition in each class. The table has been so arranged that a large number of exhibitors will receive premiums of closely related value rather than a few taking the lion's share.

## INTERNATIONAL LIVESTOCK EXPOSITION 1954

---

The following firms whose exhibits are displayed on the ground floor in the north hall are the first commercial exhibitors in the 55 year old International Live Stock Exposition.

The management extends a warm welcome and appreciation of their help in adding to the many attractions of this great exposition.

Everyone in the live stock world can learn from visiting these worthwhile displays and it is our hope that all visitors will do so.
